

PARADE WILL
SURPASS ALL
EFFORTS HERE

With Lodges Preparing to Participate, Patriotic Demonstration is Expected to Set Record

FRED VAN NUYS WILL SPEAK

Indianapolis Attorney, Former Rush County Boy, Will Make Principal Address Monday Night

MILITARY MAN ALSO TO COME

Knights Templars and Uniform Rank, Knights of Pythias, Will Appear in Full Uniform

From all indications the patriotic demonstration arranged for Monday night will surpass anything of the kind ever attempted here. The meeting took definite shape today with the announcement that it would be held in the coliseum and that the principal speaker would be Fred Van Nuys of Indianapolis, formerly of Anderson and a native of Rush county.

Van Nuys is widely known in Rush county and has great ability as a public speaker. He was born near Falmouth and lived here many years. He was prominently mentioned as a candidate for governor on the democratic ticket last year.

The lodges of the city have started active preparations to have their members participate in the parade. The parade will be the largest staged here in many years, providing present plans are followed. In addition to Van Nuys, Capt. Kiplinger of Co. B, for whose especial benefit the demonstration is being arranged, will have a military man present, who will also address the audience. It was at first thought that the meeting would be held at the auditorium but so large a crowd is expected that it was decided to go to the coliseum.

It is urged that every citizen take part in the parade even if not a member of any of the lodges. The Uniform Rank, Knights of Pythias has sent out cards urging their membership to be at the hall Monday night and take part in the parade. The Uniform Rank members will wear their uniforms.

The Knights Templars will also be in the line of march in their uniforms. Under a recent order the Knights are permitted and urged to participate in public demonstrations of this nature. Heretofore they were forbidden to wear their uniforms in public, except on certain occasions, but his order is changed for occasions of this kind.

The Knights of Columbus, Odd Fellows, Red Men and Modern Woodmen are preparing to have large delegations in the parade. The line of march has not yet been arranged. There will also be an automobile division but everyone that can march is urged to do so by the committee.

IN BODY IN PARADE

Arrangements Made for Lodges to Participate in Demonstration and Each to Carry Flag

COMMITTEES ARE APPOINTED

The Modern Woodmen, at their meeting last night, decided to participate in the patriotic demonstration here next Monday night and committees were appointed to make arrangements. The lodge will provide a small flag for every member

THREE BOYS FINED;
SENT TO PENAL FARM

Charles Bennett, "Nig" Bennett and Max Pearsey Are Sentenced by Judge Sparks Today

STOLE BRASS OFF AN ENGINE

Charles Bennett, 17, "Nig" Bennett, 24, and Max Pearsey, 17, pleaded guilty in circuit court this afternoon to petit larceny and each received a fine of \$25 in addition to sentences at the penal farm. Charles Bennett and Pearsey were given four months at the farm and Nig Bennett drew six months on the farm.

They were originally charged with grand larceny but pleaded guilty to petit larceny. It was alleged that they stole the brass from two traction engines, owned by Bert McIlwaine, at the fair grounds. The three succeeded in eluding the sheriff and police for a time. It is understood that Charles Bennett has implicated another local boy in the theft of the brass.

TO APPROPRIATE
FUNDS FOR VOTE

County Council is Called in Special Session For June 9 to Meet Expenses of Election

WILL COST CLOSE TO \$1,400

Council Made no Provision for Elections at Last Meeting as This is "Off Year"

The first real step towards holding the special election on June 26 to elect a successor to the late Representative Comstock in congress, was taken today when County Auditor McMillin called a special meeting of the county council for a week from Saturday, June 9, to appropriate money with which to meet the expense of the election.

It is estimated that the special election will cost Rush county close to \$1,400 and the council will be asked to appropriate the sum of \$1,500. Last September when the appropriations for the year were made the county council did not appropriate any money for elections as this is the "off year" and it was not believed any money would be necessary for elections.

The emergency has arisen, however, and the money must be available before the election is held. The expense of the special election will be almost as great as the regular election for it is necessary to have the same number of election officials and the same number of voting places. The election last fall cost the county \$1,465.55. It has been estimated that the election will cost approximately \$40 a precinct and with thirty-two precincts in the county this would bring the total cost up to \$1,240.

Besides this additional costs will be in printing the ballots and posting notices for the election. The printing of the ballots for the special election will not be nearly as heavy as in the general election. There will be three names on the ballots since the socialists have put out a candidate. The ballots will therefore be very small.

PEOPLES LOAN & TRUST
CO. GETS BOND ISSUE

The Peoples Loan and Trust company was the successful bidder for the \$52,000 bond issue for the construction of the William O. Righter road in Ripley township today, paying a premium of \$36.50. Only four bids were received and two of these were at par.

TO ARRANGE FOR
THE CONVENTION

Meeting of Republicans Held This Afternoon to Make Plans for Meeting Here June 8

MANY PEOPLE ARE EXPECTED

Places of Township Meetings for Elections of Delegates and Alternates Announced

At a meeting of the republican central committee and party leaders this afternoon final arrangements for the district convention to be held here on June 8 were to be made. The place of meeting and other details were to be worked out.

From all indications a large crowd will attend the convention and it will probably be necessary to hold it in the coliseum. Owing to the interest and uncertainty of the situation the other counties will send large delegations. Fon Riggs, republican county chairman, received word from Newcastle that the Henry county delegation was coming strong and expected to bring at least 150 machines.

Shelby county, lined up almost solidly for Elmer Bassett, will send a large delegation. Wayne county with three candidates will also send a large delegation. Hancock and Fayette counties expect to send large crowds and from all indications the Graham Annex auditorium will not be large enough.

The republicans of the county will meet in mass conventions in the various townships next Monday night at seven-thirty o'clock to select delegates and alternate delegates to the convention.

The situation in the district as far as the republicans are concerned is unchanged. It appears that Wayne county will be unable to get together on one candidate and for this reason most anything is likely to happen in the convention. Rush county's attitude regarding the nomination has been construed in some quarters, especially in Wayne county.

The opinion here is that Rush county's support will be given to Wayne county if that county should present a solid front for one candidate, a candidate that the people there will really support. From all indications the boom for Bryam C. Robbins has been a "flivver" and it now appears that Robbins will not get the solid backing of the delegation. It has been taken that

ORGANIZATION IS
ABOUT COMPLETE

After Arlington and Milroy Tonight, All But One Red Cross Auxiliary Will be Formed

HOMER ON WEDNESDAY NIGHT

One Organized at Manilla Last Night With 52 Members—Red Cross Sunday to be Observed

With the Red Cross meetings at Milroy and Arlington tonight, the organization of auxiliaries in the county will be practically completed, with the exception of a meeting at Homer next Wednesday night. About every town or village in the county has an auxiliary and the Red Cross organization now expects some very active work for the society.

A very enthusiastic meeting was held at Manilla last night and fifty-two members of the auxiliary were enrolled. The auxiliary organized with the following officers: Mrs. Jesse Shelton, chairman; Mrs. Lillie Inlow, vice-chairman; Mrs. John Wissing, secretary; H. O. Gross, treasurer.

E. B. Thomas and Robert E. Mansfield both spoke at the Manilla meeting, which was held in the school house. Their appeals for assistance for the Red Cross had effect, as is manifested by the response of Manilla people.

Mr. Thomas will address the meeting at Milroy tonight and will assist in the organization of an auxiliary. Mr. Mansfield will go to Arlington and make the appeal for the Red Cross and explain how to organize an auxiliary. Both communities are ready to organize. Arrangements for the Home meeting next Wednesday night will be held later.

Reports today were that the canvassers were meeting with good response from the people of Rushville this week. The city was districted last Monday night at the meeting of the board of directors and the membership committee and a canvasser was assigned to each district. It is reported at Red Cross headquarters that the workers have met with scarcely any point-blank refusals and that those who did not join gave their promise that they would later. A great increase in membership is expected when all the reports of the canvassers are in.

Preparations are complete for the observance of Red Cross Sunday in all of the churches Sunday. The

TWO SUITS AGAINST
THOMAS E. BOTTORFF

Owner of Enterprise Milling Co. of Milroy Made Defendant by J. W. Anderson and O. M. Harton.

TOTAL OF \$10,200 IS ASKED

Two suits asking a total of \$10,200 in conversion were filed today against Thomas E. Bottorff, owner of the Enterprise Milling Company of Milroy. John W. Anderson is the plaintiff in one suit and Orpheus M. Harton is the plaintiff in the other. Anderson demands \$9,000 and Harton, \$1,200. The complaints which are in four paragraphs were prepared by Morgan and Ketchum.

It is alleged Bottorff appropriated grain stored in his elevator by the plaintiff and converted the money to his own use. It is alleged in the Anderson complaint that he had on deposit in the elevator 5,500 bushels of wheat in the fall of 1915 and when the price of wheat reached the sum of \$1.80 a bushel on February 21, 1917, he demanded that Bottorff sell his wheat and that the defendant promised to place on deposit in the Milroy bank a sum of money minus the storage and insurance charges. Harton claims to have had on deposit 460 bushels of wheat and that it went the same route as Anderson's.

PRESIDENT WARNS
AGAINST FLIGHT

Issues Proclamation Saying Those Who Flee to Avoid Registration Will be Prosecuted

CONGRESSMEN AID PLOTS

Are Franking Anti-Conscription Speeches to Constituents—Conspiracy is Broad

(By United Press.)

Washington, June 1.—President Wilson today issued a proclamation warning slackers that attempts to evade the registration by fleeing from the country will expose them to prosecution upon their return to this country. The proclamation said in part:

"I, Woodrow Wilson, president of the United States of America, do hereby give warning that all persons subject to military registration under act of congress and the proclamation of the president, withdrawing from the jurisdiction of the United States for the purpose of evading registration, expose themselves upon their return to the jurisdiction of the United States; to prosecution for such evasion of registration pursuant to the act of congress approved May 18, 1917, which enacted that any person who shall willfully fail or refuse to present himself for registration as provided shall be guilty of a misdemeanor and shall upon conviction in a United States district court be punished by imprisonment for not more than one year and shall thereupon be duly registered."

Washington, June 1.—Congressmen are aiding anti-registration plots.

While the department of justice is running down the nation-wide conspiracy, some members of congress are franking out anti-conscription speeches, including that of Speaker Clark. Many are using their franking privileges to explain their votes on the selective army bill but their act will encourage plotters, the department thinks.

The anti-registration conspiracy is taking on broader aspect than even the most pessimistic feared.

CLASS PLAY WINS
FAVOR OF CROWD

"The Witching Hour," Presented by High School Graduates, Approved by Large Audience

SEVERAL CURTAIN CALLS

Mary Louise Poe, Alfred Norris and Clifford Mauzy are Praised For Fine Characterizations

The class of 1917 of the Rushville high school made its parting bow to the public last night when it presented "The Witching Hour," a drama in four acts by Augustus Thomas—and it was a great big bow because the play met with the enthusiastic approval of an audience of several hundred people. There was a curtain call at the end of each act which kept the amateur players busy acknowledging the plaudits of their friends.

The play centers about two romances—one that is revived after twenty years and another that is the love of a young man for a young woman. Much of the action is about the character of Jack Brookfield, a professional gambler of Louisville, Kentucky, which part was taken most excellently by Alfred Norris. Disappointed in love in his youth because of his bad habits, the girl he loved as a young woman returns to Louisville a widow, Mrs. Helen Whipple. Miss Mary Louise Poe as Mrs. Whipple lent a realism to the character she represented that added much to the performance.

Mrs. Whipple's son, Clay Whipple (Alfred Gilbert), a young architect, is desperately in love with Viola Campbell (Leota Mull). It develops that Whipple is weak and has gambled at Brookfield's house on several occasions. One night when Whipple and his mother, Miss Campbell and her mother were present at the Brookfield home, Whipple is taunted by Tom Denning (Dwight VanOsdel), a gambler, because, Whipple had said he did not like Denning's scarf pin, a cat's eye. Denning is drinking and he drives Whipple to distraction until Whipple strikes the gambler over the head with a heavy paper knife and kills him.

A new character, that of Justice Prentice of the supreme court, which was very capably played by Clifford Mauzy, is brought into the action by his love of art since he has a great desire for a picture which Brookfield owns. In this manner he and Brookfield become acquainted and the supreme court justice teaches Brookfield that he has a hypnotic power over some people.

The upshot of the affair is that, after Whipple is convicted of murder by the persistence of Frank Hardmuth (Paul Newhouse), assistant prosecuting attorney, who is a rival in love with Whipple. Mrs. Whipple, Miss Campbell and Brook-

Pungent Facts About The
Registration on Next Tuesday

-†-†-

The State Council of Defense suggests the following:

Are you more than 21 and less than 31 years of age, Young Man? If so, you must register.

You must register in your own voting precinct, June 5, next Tuesday, between 7 a.m. and 9 p.m.

No matter what your occupation or physical condition, you must register.

The exemption will follow registration.

If absent from your home precinct go to the County Clerk or City Clerk, if in a city of 30,000 or over, secure the necessary blank and mail it so as to reach your home by June 5.

Prisoners and sick persons are not excused under the federal law. They, too, must register. Foreigners are included whether naturalized or not.

Severe penalties attach to failure to register.

Loyal Americans will assist and encourage registration wherever possible. Assisting slackers and those who do not register as they should can be described by no terms less harsh, borders on treason.

Young America between 21 and 31, Tuesday, June 5, is the day and date upon which to show your love of country, your loyalty to the flag and your high sense of duty. Register early.

"Knee Deep in June"
Opportunities

In June, the poet has a rival in the ad writer. For there are "poems" of hats and countless other seasonable things that the ad writer describes for your benefit in this newspaper.

There are rare June bargains, just as there are rare June days, and you only learn of these opportunities through the advertisements.

Dealers have marked their advertised merchandise so that prices are in tune with your purse. Truly the advertisement reader gets knee deep in June opportunities.

Yes; June is twice June if you celebrate it by reading and acting on the advertisements found each day in this newspaper.

APPEALS GRANTED IN TWO LAW SUITS

Two Cases of Galien Iron Works Against Wm. Emsweller—Chicago Co. go to Higher Court

NEW TRIALS ARE REFUSED

Appeals to the appellate court in two of the cases of the Galien Iron Works against William Emsweller and the Chicago Bond and Surety company were prayed and granted in circuit court today. On one case the plaintiff company was given a judgment for \$312.39 and in the other for \$100.60. In the first case Judge Sparks fixed the appeal bond at \$500 and in the second at \$300. Thirty days were given in which to file the bond and ninety days in which to file a bill of exceptions. Motions for new trial in both suits were overruled.

John A. Ryon was given a judgment against Emsweller and his bonding company on an account for \$162.67. This case was tried today. In the quiet title suit of H. Riley White against Edgar Love and his wife, Jennie Love, the court found for the defendants for costs, thus refusing to quiet the title. The case was sent here on a change of venue from Henry county.

VISIT HOME SECOND TIME

Robbers Again Steal Food From J. V. Young's Refrigerator

For the second time within two weeks robbers paid the home of J. V. Young in East Seventh street a visit last night, this time like the first time taking milk, butter and eggs from his refrigerator. Entrance was gained through the rear door on the back porch. As a rule this class of robberies lately have been followed by a series but this was the only one reported this morning.

THREE BOARDS TO BE IN SESSION MONDAY

Commissioners, Trustees and The Board of Review Will All Meet On The Same Day

GEORGE TO BE RE-ELECTED

Monday promises to be a busy day for officials in the court house. Three boards will be in session this day. The board of review will start on its twenty-day session, the county commissioners will be in session for the regular June meeting and the township trustees will meet in the office of the county superintendent George to elect a county superintendent for a period of four years, starting August 16.

The board of review will start active work the very first day of the term because the time is limited in which to cover the necessary ground. The law provides that the township trustees shall meet at ten o'clock in the morning and in order to have an election a majority of the trustees shall vote for one man. There is apparently no opposition to C. M. George, the present superintendent.

The commissioners have several road matters to occupy their attention.

LIKELY TO REACH THE GOAL

Rush County Probably Will Raise \$1,000 For Y. M. C. A. War Fund

Hopes were being held out today that Rush county would reach \$1,000 in the campaign to raise the Y. M. C. war fund. County Chairman S. L. Trabue announced that he had received in cash to date \$750. The last report was that the county had subscribed \$608, which shows an increase in three days of almost \$150. Part of this additional money came from Ripley township which on Monday had not raised its share of \$100 but which has since reached the mark.

Walker township has reported \$72.25 and expects to make it \$100 before the campaign there ends. The last report did not include Walker township at all.

AMERICAN BARK IS SUNK BY SUBMARINE

(By United Press.)
London, June 1.—The sinking of the American bark Dirigo by a German submarine and the drowning of the first mate was announced today.

The Dirigo was fired upon without warning by the German U-boat. The vessel was then boarded by the Germans. They ransacked the ship and sunk her with bombs.

The admiralty also reported attacks on the two American sailing vessels, Frances and Barbara. The crews were saved.

SENTENCE TO WOMAN'S PRISON IS SUSPENDED

Mrs. Blanch Gilson Pleads Guilty to Charge of Concealing Criminal in her Home

HARBORED CHARLES BENNETT

Mrs. Blanch Gilson entered a plea of guilty to a charge of concealing a criminal in circuit court today and was sentenced for a period of not less than two years and not more than seven years to the Indiana Woman's prison. The sentence was suspended, Judge Sparks holding the interest of the community does not demand that the penalty be inflicted so long as she behaves well.

Mrs. Gilson was charged with harboring Charles Bennett, wanted on a grand larceny charge. Bennett was found there after Mrs. Gilson had told Deputy Sheriff Sullivan he was not there.

Amusements

The Princess offers Clara Kimball Young in the feature picture "The Price She Paid" for the program tonight. It is from the novel by David Graham Phillips and contains many big scenes. This is said to be the best picture produced by Clara Kimball Young. Tomorrow Louise Glaum and Charles Ray will be seen in the drama "The Wolf Woman."

The Gem offers for tonight's entertainment Mollie King and Leon Bary in the seventh episode of "The Mystery of the Double Cross." There is a decided thrill in this episode. At one stage of the story two doors confront the characters. Between them is a note which reads "behind one of these doors lurks death; enter at your peril." Monday Pathe

presents Pearl White in "May Blossom," a five reel feature in natural color. There is no bigger combination possible than Pearl White and Pathe color.

"Reclamation," a Mutual master-picture which will be shown at the Lyric tonight is a story of the engineers and the ranchers of the western country. Winifred Greenwood and Franklin Ritchie are featured. The story opens with a brush between the small ranchers of an irrigated district of the west and the representatives of a large water monopoly that is seeking to put the little fellow out of business. Gordon McLeod, a gruff, vigorous and active man is at the head of the ranchers and John Phelan is his chief opponent. Many of the exterior scenes were taken at the edge of the Nevada desert.

Republicans to Meet By
Townships June 4, 7:30 p. m.

Republicans of Rush county will meet by townships Monday evening, June 4 for the purpose of electing delegates to the sixth district convention which will meet in Rushville Friday, June 8 at 11 a. m. to nominate a candidate for congress. Each township will be entitled to one delegate, except Rushville township, which will have four delegates, an alternate for each delegate must be named.

FON RIGGS,
County Chairman.

Company B Wants Support

No one knows yet who is going to be exempted under the conscription law. That is the reason why Rush county men who feel reasonably sure they will be conscripted should join Company B of the Indiana National Guard here. All statements regarding the conscription law have failed to disclose definitely that any will be exempted except men in some branch of the war service and ministers. All others have to take their chances with the rules on exemption which will not be made public until after registration day.

Therefore, it behooves young men of conscription age who feel that they will likely be conscripted to

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 212 N. Perkins St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills procured from Johnson's Drug Store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910, and on Aug. 26, 1915, Mr. Priest said: Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. **Poster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)**

join Company B. They will be among friends and will help to uphold the honor of the community in sending a volunteer company to the war. Furthermore, according to present plans, the national guard will be trained on the border this year in a comfortable climate, whereas no one knows just where the conscription army is likely to be concentrated.

There is still another question to be considered. Try as it will, the government will never be able to break down the feeling that has always existed between volunteers and drafted men. The feeling extends back to civil war times when Lincoln called for volunteers and not enough responded. Then men were drafted and there was always a feeling among the volunteers, as old soldiers have repeatedly said, against the drafted men. They have been classed as the men 'would not go 'until somebody came after them.' Letters coming from various young men already in the service reveal that the welcome sign is not going to be hung on the door latch for the conscripted men. The men who enlisted on their own account feel very proud of the fact that no one had "to go and get them."

Red Cross Week

The president has proclaimed the week of June 25 Red Cross week when thoughts for the moment will be turned to this great philanthropic society which is organizing with characteristic thoroughness for the duty that falls to the lot of the non-combatants in the struggle with Ger-

many. Red Cross week will be a time devoted to giving "generously and in a patriotic spirit," as is outlined as follows in President Wilson's proclamation:

Inasmuch as our thoughts as a nation are now turned toward the performance to the utmost of the services and duties which we have assumed in the cause of justice and liberty;

Inasmuch as but a small proportion of our people can have the opportunity to serve upon the actual field of battle, but like all men, women, and children alike may serve effectively by making it possible to care properly for those who do serve under arms at home and abroad;

And inasmuch as the American Red Cross is the official recognized agency for voluntary effort in behalf of the armed forces of the Nation and for the administration of relief;

Now, therefore, we by virtue of my authority as President of the United States and president of the American Red Cross, I, Woodrow Wilson, do hereby proclaim the week ending June 25, 1917, as Red Cross Week, during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need.

THE BILL OF RIGHTS.

Copyright 1917 by John A. Lapp.

The United States constitution and every state constitution have a bill of rights which is designed to protect certain rights of life, liberty and property which from long usage people have come to recognize as sacred. Many of these rights have become so intimately a part of the people's conscience and life that a violation of them is hardly possible even without constitutional check but the people make doubly sure by clearly declaring them in their constitutions.

For centuries the struggle for religious freedom raged throughout the world and was finally settled forever in favor of freedom. From the earliest state constitutions the principle has been embodied in the fundamental laws of the states and we recognize it universally.

"All men shall have the right to worship God according to the dictates of their own consciences."

"No preference shall be given by law to any creed and no man shall be compelled to attend, erect, or support any place of worship against his consent."

"No religious test shall be required as a qualification for any office."

"No money shall be drawn from the treasury for the support of any religious or theological institution."

Thus run the phrases of the bill of rights of Indiana in safeguarding religious freedom against the assaults of bigotry and prejudice.

These provisions in the state constitution protect against state and local laws and official acts while similar provisions in the federal constitution protect against the laws and acts of the federal government.

The right to speak and write freely, one's opinion is guaranteed by all modern constitutions subject only to the limitation that a person shall be liable for the abuse of the privilege. Free speech is the cornerstone of English liberty and we inherited it and further strengthened it by bold assertion of the right. Throughout our whole history it has been fostered. We have allowed grave abuses at times because it seemed better to allow error and abuse to correct error and abuse rather than to interfere with a right so fundamental.

The United States constitution declares, "Congress shall make no law... abridging the freedom of speech of the press" and the Indiana state constitution declares that: "No law shall be passed restraining the free interchange of thought and opinion or restricting the right to speak, write or print freely on any subject whatever, but for the abuse of that right every person shall be responsible."

In the excitement of great crises and in the turmoil of politics there is often danger that the majority in power may attempt to suppress individual opinion or the opinion of the minority. Sometimes there appears justification for such action when vicious attacks are made such as those which were hurled against Washington and Lincoln in times of national distress; but in the long run, freedom to express the right opinion is better than the power to suppress the wrong opinion. "The power to suppress opinion is illegitimate," said John Stuart Mill in his great work, "On Liberty," "The best government has no more title to it than the worst."

Men may not slander nor libel other men without standing the consequences. Free speech and press is not a license to produce falsehoods about others with impunity. Every man has a constitutional right to appeal to the courts to protect him in his person, property or reputation. It is not to protect miscreants who slander and libel but to enable people to publish the truth for justifiable ends. Primarily it is a protection against arbitrary action of any government which seeks to suppress opinions contrary to its purposes.

"Every man's house is his castle," is a phrase which expresses the right of the people to be secure in their homes against any unlawful interference. It is an intolerable condition when public officials or police officers may enter a man's house to make a search without a warrant.

Americans have protested against any such searches and from the days when English officers claimed the right to search the homes of the colonists for smuggled goods it has been a cardinal principle. In those days James Otis, who left the employ of the Crown to defend the colonists who resisted search under the "writ of assistance" declared: "Now one of the most essential branches of English liberty is the freedom of one's house, and whilst he is quiet, he is as well

guarded as a prince in his castle." This writ if it should be declared legal would totally annihilate this privilege. Custom house officers may enter our houses when they please. We are commanded to permit their entry. Their menial servants may enter, may break locks, bars and everything in their way. . . . It appears to me the worst instrument of arbitrary power, the most destructive of English liberty and the fundamental principle of law that every was found in an English law book."

To safeguard those rights forever, the federal constitution declared "The right of the people to be secured in their persons, houses, papers and effects against unreasonable searches and seizures shall not be violated and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the persons or things to be seized." This clause protects against search and seizure by federal officials and not against search and seizure by state officials but Indiana adopted exactly the same clause in its constitution and thus safeguarded the people against any search except upon a warrant properly issued to search a particular place for particular things.

The right of trial by jury came to us out of the struggle of the English people for liberty and was adopted by this country without change. Our constitutions safeguard this right as it was given to them from England and everywhere we recognize that every man shall have the right to the "lawful judgment of his peers."

"In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have assistance of counsel for his defense."

Thus declares the constitution of the United States. The rights enumerated are thus protected against national laws and national officials. Substantially the same declaration is found in most of the state constitutions and thus the states are kept from interfering with the rights of trial by jury.

In civil cases, also, the federal and state constitutions guarantee a trial by jury when the cause is large enough to warrant it—the provision of the United States constitution requires that the amount in controversy exceed twenty dollars.

In practice many cases are decided by the judge but in all criminal cases and most civil cases a jury trial may be demanded in state and federal courts.

The right to trial is safeguarded beyond attack but the right may be nullified if care is not taken to see that the judgment is the "fair judgment of his peers" and not the judgment of a packed jury selected by an unfair system. The constitution should go further than merely declare the right to a jury trial and require a fair method of selection of jurors. Without it the mere provision for a jury trial may not amount to much.

In many states the idea is developing that civil cases may be decided by a three-fourths or five-sixths vote of a jury instead of requiring a unanimous vote. This prevents the stubborn man on a jury from preventing a decision in the face of the facts. The question will undoubtedly be considered by the Indiana convention.

QUESTIONS FOR INVESTIGATION.

1. Why is it best to permit free speech when men misuse the privilege?
2. What possible evils might result if the government of the state or nation had a right to prevent criticism of its acts?
3. Can a man be compelled to allow officials to examine his books and papers? Under what right does the government inspect factories or food establishments or examine accounts of public utilities?

But as a sound and patriotic proposition, their place is right in congress, where they can be of greater benefit to their country.

field visit the home of Justice Prentice in Washington to intercede for young Whipple.

The fact is then developed that Mrs. Whipple's mother was a sweetheart of the justice's youth when Mrs. Whipple shows him a letter he had written her mother. This does not win the justice's sympathy but causes him to upbraid them for interfering in the case because it is before the supreme court at that time. It is also brought out by a reference in the letter the justice wrote as a young man that Mrs. Whipple's mother had an inherent fear of anything representing a cat's

eye and that the same superstitious fear had come down through the generations. When Justice Whipple learns this, he says it comes under the head of new evidence and entitles Whipple to a new trial. He also promises to testify for Whipple as to the fear for that particular thing which exists in the family.

As the new trial proceeds and the assistant prosecuting attorney redoubles his efforts to send his rival to the gallows, Brookfield tries his hypnotic powers on a member of the jury to cause a disagreement. When the jury retires, Brookfield gives out a statement accusing the assistant prosecuting attorney, Hardmuth, of planning the murder of the governor-elect of Kentucky. The newspaper statement results in

Hardmuth becoming a fugitive. In the meantime, Whipple is acquitted by the jury and Brookfield then sets about to make a man of him.

He proves to Whipple that his latent fear of anything representing a cat's eye is all a mental affliction by telling Whipple to place his hand over Brookfield's in which is held Denning's scarf pin and then showing him that he held in his hand nothing but a garage key. He then commands Whipple to take the scarf pin from a drawer in the room. Brookfield pins it on his neck and tells Whipple that if he is brave enough to take Viola with the pin on, he may have her.

Of course, it ends as all plays should end with the lovers of youth reunited when Brookfield shows compassion for Hardmuth and assists him to escape.

Several lesser parts were played in a commendable way, Ralph Martin appearing as "Harvey," a colored servant; Paul Thorpe as "Colonel Bayley," an attorney; Myrl Pierson as "Lew Ellinger," a gambler; Charles Newhouse as "Mr. Emmett," a reporter; Lee Retherford as "Justice Henderson of the supreme court;" Harry Schatz as "Jo," a colored servant; Elsie Frazee as "Mrs. Alice Campbell," sister of Jack Brookfield and mother of Viola Campbell.

Tarkington Baker of Indianapolis coached the players and made the play a creditable one. Earl B. Marlatt of the high school faculty was in charge and contributed much to the success of the undertaking. The money realized will be spent in buying a suitable memorial to be presented to the high school by the class.

this county would support anyone from Wayne county in the convention, but this never has been the case as it has been stated many times that the Wayne county candidate must have the support of the rank and file there and come to the convention with the delegation united on one man.

Friends of Robert L. Kelly, president of Earlham college, declare that he is still in the race and with the entrance of Charles O. Williams, superintendent of schools in Wayne county, into the contest, the situation is more complicated. Williams is not taken seriously here. Timothy Nicholson of Richmond, a leader in the Friends church, issued a statement yesterday declaring that the thousand of Friends in the district were favorable to Kelly's candidacy and were urging him to continue in the fight. One thing is certain and that is the convention here is going to be one of the most stirring conventions ever held in the district.

Backache? Rheumatism? Run-Down?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no need of this, as the new prescription, Anuric, is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. Simply ask for Anuric (double strength) for kidneys or backache, the discovery of Dr. Pierce. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to arising from bed.

HOW TO BUY A LIBERTY BOND

Help Furnish the Sinews of War

This is a Message from the Associated Banks and Trust Companies of Rush County to the Great Mass of People, Many of Whom Have Never Purchased a Bond

Here is the opportunity for every citizen to serve his country.

Here is the opportunity for the man whom age or other limitations keeps from active service.

Here is the chance for the woman whose heart thrills with those ideals which, in all ages, have ennobled the mothers of men. Here is the valued "bit" that the child may do with his little savings, the child whose future is wrapped up in the success of this war.

Your every dollar will come back to you not only with its interest of 3½ per cent, but with the higher reward of duty well done. Buy now and insure the success of that cause to which we have pledged as part of America's heritage to the world, "our lives, our fortunes and our sacred honor."

Buy Now and Urge Others to Buy.

Many people are unfamiliar with bonds and banks and financial matters. You doubtless would have purchased your LIBERTY BOND before now, had you known exactly how to go about it.

What the Liberty Bond Is—First of All, It Is Ready Money.

Some people have the idea that to invest in a bond is to tie their money up. That is not so.

It is a Government Bond, the surest, safest investment in the world—secured by the entire resources of the richest country on earth.

Therefore, it is readily salable anywhere, any time. If for any emergency you need the funds invested in a Liberty Loan Bond, just take the bond to your bank and they will be glad to pay you cash for it, or you can use it as security for any loan you may desire to make.

Your Liberty Bond is real money—just as real as the greenbacks which you carry in your pocket. The \$5.00 bill in your pocket now, is nothing on earth but a bond—the United States Government's promise to pay five silver dollars for it. The only difference is that your Liberty Bond, every dollar of it, is live, working money—earning 3½ per cent, which your greenback does not do.

Bear in mind that the Liberty Bonds are exempt and free from all taxation, both as to principal and interest—except estate or inheritance taxes.

Bear in mind also that the Liberty Bond is exchangeable, dollar for dollar, for any later bond which the Government may issue during the war which pays a higher rate of interest than this 3½%.

Go to a Bank as You Go to a Store to Make a Simple Purchase.

Buying a Liberty Bond is just as simple as buying an article of wearing apparel, furniture or food. Go to any Bank or Trust Company in Rush County. Simply regard that institution as a store, ready to serve you with your needs.

Tell them you want to buy a Liberty Bond.

You need have no hesitation whatever—you will be treated with the utmost courtesy. And anything that you do not understand will be made clear to you.

All Banks and Trust Companies in Rush County are handling the Liberty Loan and stand ready to serve you—incidentally, entirely without profit to themselves.

Whether Little or Much Your Country Needs Your Money, Put It Into a Liberty Bond.

It is the strongest investment you ever made in your life—absolutely secure. And it is ready money besides. It gives you the opportunity to save your money and serve your flag—at the same time. Your plain duty lies straight ahead—buy a LIBERTY BOND. And do it NOW!

You Take No Risk When You Serve Your Country.

By subscribing to The LIBERTY LOAN of 1917. With our young men willing and anxious to offer their lives, the least we who stay at home can do is to lend our money for their support.

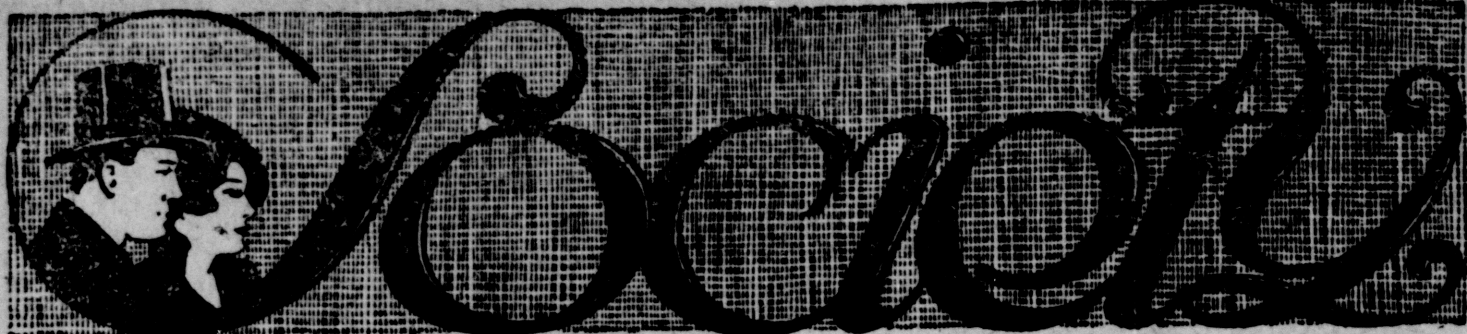

YOU can do YOUR part by lending the Government some of your savings. Invest now in one or more of the Liberty Loan Bonds. You will be helping yourself while you help your country. The bonds pay 3½% interest and are as good as gold. There is an easy payment plan. For example, if you want to buy one of the \$50 bonds, you can make your payments at all banks as follows:

2% when you buy the bond	\$ 1.00
18% on June 28, 1917	9.00
20% on July 30, 1917	10.00
30% on Aug. 15, 1917	15.00
30% on Aug. 30, 1917	15.00
	\$50.00

The bonds will be dated June 15, 1917, and will run for 30 years, when the Government will repay the principal. Twice a year the owner will receive interest at the rate of 3½% a year.

Ask your banker to explain the Weekly Payment Plan. Save \$1.00 or \$2.00 a week for fifty weeks and own a \$50 or \$100 bond.

When the battle flags are furled, and America sits at the Peace Conference you will be glad to know that you helped to place her there. You will be proud that your money was a factor to hasten the day.

Miss Clorone Amos will entertain Tri Kappa, Monday evening at her home south of the city.

The regular meeting of the Eastern Stars will be held in the Masonic Temple this evening at 7:30. All members are urged to attend.

The Willing Workers Sunday school class of the M. E. church of Arlington will give a play tonight at the Methodist church in that city, entitled "Cousin Deborah's First Luncheon."

WOW!!! PAIN IN THE BACK Use Speedway Liniment

It goes right to the spot and brings soothing relief. Makes muscles limber up—oils up the joints and makes you forget your trouble in no time. Nothing equals Speedway Liniment for relieving rheumatism, lumbago and such ailments. It penetrates—does just what is needed for livening up the circulation and building up your system.

You can put it on full strength—rub it on right out of the bottle. It does not burn or blister—but it certainly does the business better than anything we ever knew of. Acts like a magic balm—never fails.

Speedway Liniment has brought relief to thousands of sufferers. Sold in 25c, 50c and \$1.00 bottles. Try a bottle and see how it relieves you. Money back if it does not.

Better get the large bottle and give it a good trial. Use it night and morning. If your case is bad, soak a little of the liniment into a flannel cloth and apply as a bandage. Leave it on over night.

NOTICE

John Wildig, late with Beale Bros., will open the store on Second and Harrison streets, on Monday June 4th and will do plumbing, gas and steam fitting. For the present call 4102, two long rings. 76t3.

The twelve members of the Harmony club met with Mr. and Mrs. Ed Beer, last evening at their home in Jersey City. Five hundred served as a sufficient pastime for the guests and the hostess served dainty refreshments.

The Misses Beatrice Reeve, Hannah Morris, Clorone Amos, Gladys Bebout and Gladys Wallace were entertained with a pitch-in dinner, yesterday, by Miss Leah Flint at her home in North Perkins street. After dinner the congenial group spent the afternoon with needlework.

Mr. and Mrs. C. G. Clark entertained with a family dinner, yesterday at their home in North Sexton street. The guests included Mr. and Mrs. Joe Clark and family, Mr. and Mrs. Leonard Clark and family and Mr. and Mrs. Albert Fleehart and family.

Mrs. Emmet Fegley was the charming hostess to the seven members of the Yomo club, yesterday afternoon at her home in East Ninth street. After a pleasant afternoon over fancywork and sewing, the guests were taken to the dining room where the table was laid for a splendid luncheon. Lillies of the valley formed a beautiful decoration.

Mrs. Myrtle Foster arranged a miscellaneous shower for Mr. and Mrs. Russell Ruff, who were recently married, and a number of their friends gathered at their home near Glenwood, last Saturday evening and enjoyed the evening over games and contests. The house was decorated with red, white and blue and flags were given the guests as favors, after the dainty refreshments were served. The hostess was the recipient of many presents, including china, silverware and cut glass.

One of the novel entertainments of the week, was in the form of an informal house party, in honor of Miss Marie Brown of Shelbyville, at the home of Miss Ethel Newhouse,

last evening. A color scheme of pink and white was carried out in the living room and also in the dining room, where the tempting two course luncheon was served. Music and dancing featured the evening and the guests included the Misses Ruth Smyth, Vera Short, Myrtle Ormes, Ruth Clark, Beatrice Wilson and Marie Brown of Shelbyville, Earl Miller, Lotus Gartin, Oliver Dill, Raymond Sefton, Olen Ormes, Fred Alsop and Melvin Wood of Arlington.

A group of Moscow high school youngsters was entertained Sunday by Mr. and Mrs. Robert Campbell at their spacious country home between Gowdy and Big Flatrock. At the noon hour Mrs. Campbell showed the group the way to the dining room, where a table, loaded with the best things to eat, was before them. In the center of the table was a large bouquet of ferns and pink carnations. The early afternoon hours were spent by playing games. After the rain came and drove them to the house, they were then entertained by violin music by Mr. Campbell and a reading by Ralph Willey. The group included the Misses Faye Seull, Hattie Fessler, Fern Seull, Marjory Hurst, Edna Hoban, Zella Hungerford, and Blanche Hinton and Russell Reber, Merle Piper, Loren Harecourt, Maurice Fessler, Ora Cameron, Ralph Willey and Herbert Hoben.

Miss Leona Brooks, who is to be married in June, was honored with a miscellaneous shower, yesterday, given by the Misses Martha Clayton and Miss Mary Hinchman, at the home of the latter, in Falmouth. Fifty guests enjoyed the affair. Two clever contests were introduced, the first a rose contest in which Mrs. Leona Rees was the winner, the prize being a bunch of American beauty roses. In the other contest, the room was darkened and Miss Brooks stood behind a curtain and each guest drew her profile. Mrs. Lorrene Elwell was victorious and the recipient of a hand painted

plate. The remainder of the afternoon was spent with music, during which time Mrs. Luella Elwell Baker, accompanied by Mrs. Lorrene Elwell, sang a solo and Mrs. Freda Saxon and Miss Doris Saxon played several duets. The dining room, in which the guests enjoyed the elaborate luncheon, a color scheme of pink and white was carried out to the last detail in the decorations. A large french basket of pink and white sweetpeas was suspended over the table and sweetpeas in bud vases marked the places for the guests. The color scheme was also prominent in all of the appointments of the luncheon.

Three tables of members of the Grand club were entertained at bridge, yesterday afternoon, at the home of Mrs. T. H. Reed in North Main street. Refreshments were served at the conclusion of the afternoon.

J. H. Kleet, Retired Banker, Springfield, Mo., Searches All Night For 14-Months-Old Baby

MOTHER IS NEAR COLLAPSE

(By United Press.)
Springfield, Mo., June 1—After an all night drive and with his automobile covered with mud, J. H. Kleet, retired banker, returned this morning from a futile search of his kidnapped child.

Complying with the demands of the kidnappers made in a letter, Kleet took \$6,000 from a bank and eluding detectives set out on his silent drive last night. During the night, he said today, he was followed by eight cars at various intervals, but if the kidnappers were in any of the machines they made no move towards recognition. Today the mother of the fourteen-months-old baby was near collapse. She sat up throughout the night waiting for her husband to return home.

T. W. NADAL NAMED HEAD OF COLLEGE

Former Milroy Man Accepts Presidency of Drury College at Springfield, Missouri

LEAVES OLIVET COLLEGE

Breaks Connections With Michigan Institution After 19 Years of Service There

Word has been received here that Dr. Thomas W. Nadal, a former Milroy boy, has resigned as dean of Olivet college at Olivet, Michigan, and has accepted the presidency of Drury college at Springfield, Missouri. Dr. Nadal is the son of Mrs. Jehrusa Nadal of Milroy. He frequently visits in Milroy and has many friends there. The Olivet Optic says of his departure from Olivet:

Dr. Thomas W. Nadal, dean of Olivet College, has accepted a call to the presidency of Drury College at Springfield, Missouri, and will sever his connection with the local institution at the end of the college year. Dr. Nadal is the oldest professor in Olivet from the point of service, having been here for 19 years. He is also a member of the state board of education and as he is moving from the state, he will resign this position also.

Drury College of which Dr. Nadal is to be president may be called an offspring from Olivet. It was founded by President N. J. Morrison and Samuel Drury, two Olivet men, nearly 50 years ago. Dr. Morrison was president of Olivet College and he left to go west for the purpose of helping found Drury and to become its first president. In tradition and history, therefore, Drury is very similar to Olivet.

Drury is a Congregational school with nearly 400 students. It has a substantial endowment and is on the Carnegie foundation. It is one of the oldest schools of the middle west and by its high standards of scholarship has earned for itself the name of the "Yale of the Southwest." Its 40 acre campus is situated in the heart of Springfield, which is situated on the crest of the Ozark mountains.

Olivet College will feel greatly the loss of Dr. Nadal. He came here 19 years ago as head of the English department. In 1905, he was made dean of the college. Last year, he was acting president, assuming that position when Dr. E.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACHES, BREATH BAD, HEART PALPITATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. Last Year's Attendance at Colleges And Universities Reached Figure of 8,922

LARGEST GAIN AT PURDUE

Cost Per Student Was \$275—High Schools of The State Had 69,719 Pupils

(By United Press.)

Indianapolis, Ind., June 1.—Total enrollment of the twenty universities, colleges and schools of technology in Indiana during last year was 8,922, according to figures made public today by J. S. Hussey of the educational department of the bureau of statistics. The total receipts of these schools was \$2,420,993—or \$275 for each student.

Enrollment at Purdue University made probably the most remarkable strides, increasing from 849 in 1900 to 2,415 last year. Indiana University had 2,669 students last year.

Of the schools not under state control, Notre Dame had the largest registration with about 900; Depauw second, with more than 800; and Earlham and Butler tied for third with 550.

The number of pupils attending high schools in the state was 69,719 compared with 35,246 sixteen years ago. Expenses of high school increased from \$822,458 in 1900 to \$3,893,618 for 1916.

It cost Purdue \$507,680 to care for 2,415 students, while Indiana University spent \$40,000 more than Purdue for 200 more students.

G. Lancaster resigned. Dr. Nadal is popular with the college students and the alumni, all of whom will be sorry to learn that he is to leave. In his department, he has done much to build up both the quality of the work demanded and the number of courses given. Dr. Nadal is a graduate of DePauw University. Both his Masters and Doctors degrees were taken at Harvard.

As an educator, Dr. Nadal is known all over Michigan and in several other states as well. He has done a great deal of lecture work. In fact, his new position is in part the result of a lecture trip to Drury College last winter when he delivered a series of addresses before the college there.

For six years, Dr. Nadal has been a member of the state board of education. In April he was elected for a second term. He is president of the board at the present time.

Dr. and Mrs. Nadal and children will spend the greater part of the summer in Olivet. They do not expect to move to their new home before the latter part of August.

CANDIDATE FOR CONGRESS

John Nipp, Sr., of near Gings was nominated by the socialist party at Richmond as its candidate for congress in the special election June 26 when a successor to the late Daniel W. Comstock will be selected. Mr. Nipp is well known throughout this county. He says he will conduct a personal and paper canvass of the district and that he expects to get many votes.

"PROOF ENOUGH" HOLTZ CHARGES

Quick Benefits Convinces Farmer That Tanlac Is The Master Medicine

Elkhart, Ind., May 31—"My mother gained much relief from one bottle of Tanlac that she continued using the medicine, and now, after taking four bottles she really feels like a new woman," Martin Holtz, a well known farmer residing near here on rural route No. 2 Cassopolis, Ind., said on February 21. The mother, Mrs. Odenia Holtz, as well as her son, are highly respected and well known in this vicinity.

"My mother, who is 77 years old, was in a generally run down condition," Mr. Holtz continued. Her stomach and kidneys were out of shape. She couldn't eat anything without suffering annoying gas formations in her stomach. She was restless at night and found it hard to sleep. She couldn't ever do her house work.

"Mrs. Stark, a neighbor of ours, told us how much she had been benefited through Tanlac and so I bought a bottle for mother. As I have said, she gained so much relief from this one bottle that she was thoroughly convinced of the medicine's merits and continued taking it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced and explained in Rushville at F. E. Wolcott's Drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons; and in Milroy at Barton and Sheppards. (Adv.)

SHOULD NOT PLANT CORN ALL AT ONCE

State Food Director Says Sweet Corn Should be Put in so as to Have Plenty for Table Use

POINTS OUT COMMON MISTAKE

(By United Press.)

Indianapolis, June 1—G. I. Christie, state food director, today advised gardeners to make successive, small plantings of sweet corn and not to put it all in the ground at one time, in order that it might be just the right stage for the table when desired.

"A common mistake is to plant all the seed in one or two plants," said a bulletin issued by the food director, "with the result that there is an oversupply for a week or two and none for the rest of the summer. Sweet corn may be planted up to July 1 successfully. Soil should be rich to produce large crops, but any garden soil will do very well. Any sort of shallow cultivation that will keep weeds down will give good results. Although not generally realized, sweet corn loses its flavor after being pulled a few hours and consequently should be gathered and husked only a short time before it is to be cooked."

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles For Making a Success of the Home Vegetable Patch.

XXVII. EVERY WEED AN ENEMY.

Every weed is an enemy of the "soldiers of the commissary" who are making gardens.

All these troublesome vagrant plants, that gain footholds in the garden, forage upon the plant food and water which should be available to build up food plants.

They stunt some vegetables by stealing their sustenance and crowd out and shade others.

From morning until night weeds that are allowed to grow in a garden work steadily against the interests of the gardener; and the longer they are left undisturbed the greater becomes their capacity for harm.

If you have not begun to free your garden crops of the weed enemies that are probably attacking them now, you should lose no time in beginning your campaign. It is a warfare that you will have to wage, off and on, all season, but if you bring superior force into play early you will be able to confine the enemy to a straggling guerrilla offensive that will cause little destruction.

In this warfare the hoe is your heavy artillery and is to be depended upon chiefly for action in the open. Weeders are the most effective weapons for close action. Neither tool, however, will wholly do away

with the necessity for a hand-to-hand struggle to uproot the persistent weeds that grow closely about the stems of the smaller plants you wish to protect, and which yield only when they are pulled bodily up by the thumb and finger.

The fight on weeds should begin as soon as it is possible to distinguish easily between them and the garden plantlets. It is even possible to do much effective work in killing weeds between the rows before the young vegetables make their appearance, provided the exact location of the planted seeds is marked.

The gardener should choose a bright, sunny day for weeding. At such a time even weeds which are only partially severed from their roots will have little chance of surviving the withering rays of the sun. If weeding operations are conducted on a cloudy or damp day, however, many of the weeds that are incompletely severed will take fresh growth.

Weeding does more than free the garden of undesirable plants. The digging incidental to removing the weeds also serves as a cultivation. As soon as the weeds have been dug up the roughened ground should be carefully smoothed with a rake. This will incorporate air in the soil, form a dust mulch which will aid in preventing the loss of moisture through evaporation, and will tend to bring to the surface and expose to the sun weed roots and sprouting weed seeds which otherwise might produce plants.

On One Gallon of Gasoline.

Made In Maxwell

The first test was made against a high wind and in a rain storm. In view of this fact we made a mileage of 28.1 miles per gallon. Immediately we made the second test over the same roads and under the same weight conditions, but without rain and wind and covered a distance of 34.4 MILES ON ONE GALLON OF RED CROWN STANDARD OIL CO.'S GASOLINE, PUMPED FROM OUR OWN TANK.

These same famous gasoline savers are on sale right now in our salesroom. They have the new distributor instead of the magneto. This eliminates starting trouble experienced with the old type magneto.

CO-OPERATION TO BE THE KEYNOTE

U. S. Department of Agriculture Makes Plans for the Organization of Farm Labor

STATE COUNCILS WILL HELP

State Agriculture Colleges, County Agents and Others Will be Asked to Co-Operate

Washington, June 1.—Under the government plan for the organization of farm labor, the details of which were announced by the U. S. Department of Agriculture today, provision is made for nation-wide co-operation in the solution of the farm help problem. The work of organization already has been started in about 40 States, and it is expected that eventually every community in the United States will be reached. It is believed that the resultant utilization of emergency labor will begin to have an appreciable effect on the farm labor situation before the season has far advanced. Meanwhile, the immediate and acute problem of supplying labor for the harvests, now beginning in the Southwest, is being handled, so far as the United States Government's services are concerned, through the existing employment service of the U. S. Department of Labor, which will continue to handle such problems of mass mobilization under the new plan as it has in the past.

The plan is based on close co-operation on the part of the U. S. Department of Agriculture and the U. S. Department of Labor with State committees on national defense charged with labor matters, with the State agricultural colleges, with the county agents, and with county and local or township labor committees or representatives to be established in every locality. The Department of Agriculture will represent the Federal authorities in determining farm labor needs and in assisting in organizing all available farm labor in the rural districts. The U. S. Department of Labor will devote its attention to organizing labor in urban communities and industrial regions, and will co-operate with the farm labor forces where necessary by obtaining extra labor from the populous centers.

The plan provides for strictly local handling of all labor problems that can be adjusted locally. The fundamental unit of the organization is the "community man" who, with the assistance of such communities as he may appoint, canvasses his own neighborhood, finds out what farmers need help, and what men are available for supplying the local need, and effects such adjustments as can be made locally. If, after all local adjustments have been made, there remains either a deficit or a surplus of labor, he reports to the "county man," whose business it is to effect adjustments between the several communities in his county. The county man, in turn, reports any deficit or surplus to the "State man," who canvasses the situation for the State as a whole and reports to the Department of Agriculture, which, in close co-operation with the Department of Labor, is charged with the distribution of mobile labor for the country as a whole.

Thus each unit in the system acts as a clearing house for its own territory, reporting to the units higher up only when it needs help or has help to offer. The plan provides that supplemental reports shall be submitted by each community man whenever changes in the local labor situation make desirable further adjustments that can not be met with the material at hand, or when a surplus of labor develops which he can not use.

A great many retired farmers, of whom there are 700,000 in the country, may be available for emergency service under this plan of farm mobilization. The plans contemplate also the drawing of emergency labor from the cities under the immediate direction of the Department of Labor, the effective utilization of college students and school boys, and, if necessary, the assignment of volunteer women and girls to rural tasks connected particularly with feeding and caring for harvest hands or other extra labor, or with farm canning or drying of surplus perishable products. In other words, the plan contemplates supplying assistance not merely for field operations, but to farm women during their season of heaviest domestic duties.

Children of the Methodist Sunday school are asked to report for practice for Children's day exercises at the church Friday and Saturday afternoons at three o'clock.

With Lodges Preparing to Participate, Patriotic Demonstration is Expected to Set Record

FRED VAN NUYS WILL SPEAK

Indianapolis Attorney, Former Rush County Boy, Will Make Principal Address Monday Night

MILITARY MAN ALSO TO COME

Knights Templars and Uniform Rank, Knights of Pythias, Will Appear in Full Uniform

From all indications the patriotic demonstration arranged for Monday night will surpass anything of the kind ever attempted here. The meeting took definite shape today with the announcement that it would be held in the coliseum and that the principal speaker would be Fred Van Nuys of Indianapolis, formerly of Anderson and a native of Rush county.

Van Nuys is widely known in Rush county and has great ability as a public speaker. He was born near Falmouth and lived here many years. He was prominently mentioned as a candidate for governor on the democratic ticket last year.

The lodges of the city have started active preparations to have their members participate in the parade. The parade will be the largest staged here in many years, providing present plans are followed. In addition to Van Nuys, Capt. Kiplinger of Co. B, for whose special benefit the demonstration is being arranged, will have a military man present, who will also address the audience. It was at first thought that the meeting would be held at the auditorium but so large a crowd is expected that it was decided to go to the coliseum.

It is urged that every citizen take part in the parade even if not a member of any of the lodges. The Uniform Rank, Knights of Pythias has sent out cards urging their membership to be at the hall Monday night and take part in the parade. The Uniform Rank members will wear their uniforms.

The Knights Templars will also be in the line of march in their uniforms. Under a recent order the Knights are permitted and urged to participate in public demonstrations of this nature. Heretofore they were forbidden to wear their uniforms in public, except on certain occasions, but his order is changed for occasions of this kind.

The Knights of Columbus, Odd Fellows, Red Men and Modern Woodmen are preparing to have large delegations in the parade. The line of march has not yet been arranged. There will also be an automobile division but everyone that can march is urged to do so by the committee.

WOODMEN TO MARCH
IN BODY IN PARADE

Arrangements Made for Lodgemen to Participate in Demonstration and Each to Carry Flag.

COMMITTEES ARE APPOINTED

The Modern Woodmen, at their meeting last night, decided to participate in the patriotic demonstration here next Monday night and committees were appointed to make arrangements. The lodge will provide a small flag for every member.

THREE BOYS FINED;
SENT TO PENAL FARM

Charles Bennett, "Nig" Bennett and Max Pearsey Are Sentenced by Judge Sparks Today

STOLE BRASS OFF AN ENGINE

Charles Bennett, 17, "Nig" Bennett, 24, and Max Pearsey, 17, pleaded guilty in circuit court this afternoon to petit larceny and each received a fine of \$25 in addition to sentences at the penal farm. Charles Bennett and Pearsey were given four months at the farm and Nig Bennett drew six months on the farm.

They were originally charged with grand larceny but pleaded guilty to petit larceny. It was alleged that they stole the brass from two traction engines, owned by Bert McIlwaine, at the fair grounds. The three succeeded in eluding the sheriff and police for a time. It is understood that Charles Bennett has implicated another local boy in the theft of the brass.

Council Made no Provision for Elections at Last Meeting as This is "Off Year"

The first real step towards holding the special election on June 26 to elect a successor to the late Representative Comstock in congress, was taken today when County Auditor McMillin called a special meeting of the county council for a week from Saturday, June 9, to appropriate money with which to meet the expense of the election.

It is estimated that the special election will cost Rush county close to \$1,400 and the council will be asked to appropriate the sum of \$1,500. Last September when the appropriations for the year were made the county council did not appropriate any money for elections as this is the "off year" and it was not believed any money would be necessary for elections.

The emergency has arisen, however, and the money must be available before the election is held. The expense of the special election will be almost as great as the regular election for it is necessary to have the same number of election officials and the same number of voting places. The election last fall cost the county \$1,465.55. It has been estimated that the election will cost approximately \$40 a precinct and with thirty-two precincts in the county this would bring the total cost up to \$1,240.

Besides this additional costs will be in printing the ballots and posting notices for the election. The printing of the ballots for the special election will not be nearly as heavy as in the general election. There will be three names on the ballots since the socialists have put out a candidate. The ballots will therefore be very small.

PEOPLES LOAN & TRUST
CO. GETS BOND ISSUE

The Peoples Loan and Trust company was the successful bidder for the \$52,000 bond issue for the construction of the William O. Righter road in Ripley township today, paying a premium of \$36.50. Only four bids were received and two of these were at par.

TO ARRANGE FOR
THE CONVENTION

Meeting of Republicans Held This Afternoon to Make Plans for Meeting Here June 8

MANY PEOPLE ARE EXPECTED

Places of Township Meetings for Elections of Delegates and Alternates Announced

At a meeting of the republican central committee and party leaders this afternoon final arrangements for the district convention to be held here on June 8 were to be made. The place of meeting and other details were to be worked out.

From all indications a large crowd will attend the convention and it will probably be necessary to hold it in the coliseum. Owing to the interest and uncertainty of the situation the other counties will send large delegations. For Riggs, republican county chairman, received word from Newcastle that the Henry county delegation was coming strong and expected to bring at least 150 machines.

Shelby county, lined up almost solidly for Elmer Bassett, will send a large delegation. Wayne county with three candidates will also send a large delegation. Hancock and Fayette counties expect to send large crowds and from all indications the Graham Annex auditorium will not be large enough.

The republicans of the county will meet in mass conventions in the various townships next Monday night at seven-thirty o'clock to select delegates and alternate delegates to the convention.

The situation in the district as far as the republicans are concerned is unchanged. It appears that Wayne county will be unable to get together on one candidate and for this reason most anything is likely to happen in the convention. Rush county's attitude regarding the nomination has been construed in some quarters, especially in Wayne county.

The opinion here is that Rush county's support will be given to Wayne county if that county should present a solid front for one candidate, a candidate that the people there will really support. From all indications the boom for Bryam C. Robbins has been a "flivver" and it now appears that Robbins will not get the solid backing of the delegation. It has been taken that

ORGANIZATION IS
ABOUT COMPLETE

After Arlington and Milroy Tonight, All But One Red Cross Auxiliary Will be Formed

HOMER ON WEDNESDAY NIGHT

One Organized at Manilla Last Night With 52 Members—Red Cross Sunday to be Observed

With the Red Cross meetings at Milroy and Arlington tonight, the organization of auxiliaries in the county will be practically completed, with the exception of a meeting at Homer next Wednesday night. About every town or village in the county has an auxiliary and the Red Cross organization now expects some very active work for the society.

A very enthusiastic meeting was held at Manilla last night and fifty-two members of the auxiliary were enrolled. The auxiliary organized with the following officers: Mrs. Jesse Shelton, chairman; Mrs. Lillie Inlow, vice-chairman; Mrs. John Wissing, secretary; H. O. Gross, treasurer.

E. B. Thomas and Robert E. Mansfield both spoke at the Manilla meeting, which was held in the school house. Their appeals for assistance for the Red Cross had effect, as is manifested by the response of Manilla people.

Mr. Thomas will address the meeting at Milroy tonight and will assist in the organization of an auxiliary. Mr. Mansfield will go to Arlington and make the appeal for the Red Cross and explain how to organize an auxiliary. Both communities are ready to organize. Arrangements for the Home meeting next Wednesday night will be held later.

Reports today were that the canvassers were meeting with good response from the people of Rushville this week. The city was districted last Monday night at the meeting of the board of directors and the membership committee and a canvasser was assigned to each district. It is reported at Red Cross headquarters that the workers have met with scarcely any point-blank refusals and that those who did not join gave their promise that they would later. A great increase in membership is expected when all the reports of the canvassers are in.

Preparations are complete for the observance of Red Cross Sunday in all of the churches Sunday. The

TWO SUITS AGAINST
THOMAS E. BOTTORFF

Owner of Enterprise Milling Co. of Milroy Made Defendant by J. W. Anderson and O. M. Harton.

TOTAL OF \$10,200 IS ASKED

Two suits asking a total of \$10,200 in conversion were filed today against Thomas E. Bottorff, owner of the Enterprise Milling Company of Milroy. John W. Anderson is the plaintiff in one suit and Orpheus M. Harton is the plaintiff in the other. Anderson demands \$9,000 and Harton, \$1,200. The complaints which are in four paragraphs were prepared by Morgan and Ketchum.

It is alleged Bottorff appropriated grain stored in his elevator by the plaintiff and converted the money to his own use. It is alleged in the Anderson complaint that he had on deposit in the elevator 5,500 bushels of wheat in the fall of 1915 and when the price of wheat reached the sum of \$1.80 a bushel on February 21, 1917, he demanded that Bottorff sell his wheat and that the defendant promised to place on deposit in the Milroy bank a sum of money minus the storage and insurance charges. Harton claims to have had on deposit 460 bushels of wheat and that it went the same route as Anderson's.

PRESIDENT WARNS
AGAINST FLIGHT

Issues Proclamation Saying Those Who Flee to Avoid Registration Will be Prosecuted

CONGRESSMEN AID PLOTS

Are Franking Anti-Conscription Speeches to Constituents—Conspiracy is Broad

(By United Press.)

Washington, June 1.—President Wilson today issued a proclamation warning slackers that attempts to evade the registration by fleeing from the country will expose them to prosecution upon their return to this country. The proclamation said in part:

"I, Woodrow Wilson, president of the United States of America, do hereby give warning that all persons subject to military registration under act of congress and the proclamation of the president, withdrawing from the jurisdiction of the United States for the purpose of evading registration, expose themselves upon their return to the jurisdiction of the United States; to prosecution for such evasion of registration pursuant to the act of congress approved May 18, 1917, which enacted that any person who shall willfully fail or refuse to present himself for registration as provided shall be guilty of a misdemeanor and shall upon conviction in a United States district court be punished by imprisonment for not more than one year and shall thereupon be duly registered."

Washington, June 1.—Congressmen are aiding anti-registration plots.

While the department of justice is running down the nation-wide conspiracy, some members of congress are franking out anti-conscription speeches, including that of Speaker Clark. Many are using their franking privileges to explain their votes on the selective army bill but their act will encourage plotters, the department thinks.

The anti-registration conspiracy is taking on broader aspect than even the most pessimistic feared.

CLASS PLAY WINS
FAVOR OF CROWD

"The Witching Hour," Presented by High School Graduates, Approved by Large Audience

SEVERAL CURTAIN CALLS

Mary Louise Poe, Alfred Norris and Clifford Mauzy are Praised For Fine Characterizations

The class of 1917 of the Rushville high school made its parting bow to the public last night when it presented "The Witching Hour," a drama in four acts by Augustus Thomas—and it was a great big bow because the play met with the enthusiastic approval of an audience of several hundred people. There was a curtain call at the end of each act which kept the amateur players busy acknowledging the plaudits of their friends.

The play centers about two romances—one that is revived after twenty years and another that is the love of a young man for a young woman. Much of the action is about the character of Jack Brookfield, a professional gambler of Louisville, Kentucky, which part was taken most excellently by Alfred Norris. Disappointed in love in his youth because of his bad habits, the girl he loved as a young woman returns to Louisville a widow, Mrs. Helen Whipple. Miss Mary Louise Poe as Mrs. Whipple lent a realism to the character she represented that added much to the performance.

Mrs. Whipple's son, Clay Whipple (Alfred Gilbert), a young architect, is desperately in love with Viola Campbell (Leota Mull). It develops that Whipple is weak and has gambled at Brookfield's house on several occasions. One night when Whipple and his mother, Miss Campbell and her mother were present at the Brookfield home, Whipple is taunted by Tom Denning (Dwight VanOsdel), a gambler, because, Whipple had said he did not like Denning's scarf pin, a cat's eye. Denning is drinking and he drives Whipple to distraction until Whipple strikes the gambler over the head with a heavy paper knife and kills him.

A new character, that of Justice Prentice of the supreme court, which was very capably played by Clifford Mauzy, is brought into the action by his love of art since he has a great desire for a picture which Brookfield owns. In this manner he and Brookfield become acquainted and the supreme court justice teaches Brookfield that he has a hypnotic power over some people.

The upshot of the affair is that, after Whipple is convicted of murder by the persistence of Frank Hardmuth (Paul Newhouse), assistant prosecuting attorney, who is a rival in love with Whipple. Mrs. Whipple, Miss Campbell and Brook-

Pungent Facts About The
Registration on Next Tuesday

—†—†—

The State Council of Defense suggests the following:

Are you more than 21 and less than 31 years of age, Young Man? If so, you must register.

You must register in your own voting precinct, June 5, next Tuesday, between 7 a.m. and 9 p.m.

No matter what your occupation or physical condition, you must register.

The exemption will follow registration.

If absent from your home precinct go to the County Clerk or City Clerk, if in a city of 30,000 or over, secure the necessary blank and mail it so as to reach your home by June 5.

Prisoners and sick persons are not excused under the federal law. They, too, must register. Foreigners are included whether naturalized or not.

Severe penalties attach to failure to register.

Loyal Americans will assist and encourage registration wherever possible. Assisting slackers and those who do not register as they should can be described by no terms less harsh, borders on treason.

Young America between 21 and 31, Tuesday, June 5, is the day and date upon which to show your love of country, your loyalty to the flag and your high sense of duty. Register early.

"Knee Deep in June"
Opportunities

In June, the poet has a rival in the ad writer. For there are "poems" of hats and countless other reasonable things that the ad writer describes for your benefit in this newspaper.

There are rare June bargains, just as there are rare June days, and you only learn of these opportunities through the advertisements.

Dealers have marked their advertised merchandise so that prices are in tune with your purse. Truly the advertisement reader gets knee deep in June opportunities.

Yes; June is twice June if you celebrate it by reading and acting on the advertisements found each day in this newspaper.

APPEALS GRANTED IN TWO LAW SUITS

Two Cases of Galien Iron Works Against Wm. Emsweller—Chicago Co. go to Higher Court

NEW TRIALS ARE REFUSED

Appeals to the appellate court in two of the cases of the Galien Iron Works against William Emsweller and the Chicago Bond and Surety company were prayed and granted in circuit court today. On one case the plaintiff company was given a judgment for \$312.39 and in the other for \$100.60. In the first case Judge Sparks fixed the appeal bond at \$500 and in the second at \$300. Thirty days were given in which to file the bond and ninety days in which to file a bill of exceptions. Motions for new trial in both suits were overruled.

John A. Ryan was given a judgment against Emsweller and his bonding company on an account for \$162.67. This case was tried today.

In the quiet title suit of H. Riley White against Edgar Love and his wife, Jennie Love, the court found for the defendants for costs, thus refusing to quiet the title. The case was sent here on a change of venue from Henry county.

Robbers Again Steal Food From J. V. Young's Refrigerator

For the second time within two weeks robbers paid the home of J. V. Young in East Seventh street a visit last night, this time like the first time taking milk, butter and eggs from his refrigerator. Entrance was gained through the rear door on the back porch. As a rule this class of robberies lately have been followed by a series but this was the only one reported this morning.

THREE BOARDS TO BE IN SESSION MONDAY

Commissioners, Trustees and The Board of Review Will All Meet On The Same Day

GEORGE TO BE RE-ELECTED

Monday promises to be a busy day for officials in the court house. Three boards will be in session this day. The board of review will start on its twenty-day session, the county commissioners will be in session for the regular June meeting and the township trustees will meet in the office of the county superintendent George to elect a county superintendent for a period of four years, starting August 16.

The board of review will start active work the very first day of the term because the time is limited in which to cover the necessary ground. The law provides that the township trustees shall meet at ten o'clock in the morning and in order to have an election a majority of the trustees shall vote for one man. There is apparently no opposition to C. M. George, the present superintendent.

The commissioners have several road matters to occupy their attention.

LIKELY TO REACH THE GOAL

Rush County Probably Will Raise \$1,000 For Y. M. C. A. War Fund

Hopes were being held out today that Rush county would reach \$1,000 in the campaign to raise the Y. M. C. A. war fund. County Chairman S. L. Trabue announced that he had received in cash to date \$750. The last report was that the county had subscribed \$608, which shows an increase in three days of almost \$150. Part of this additional money came from Ripley township which on Monday had not raised its share of \$100 but which has since reached the mark.

AMERICAN BARK IS SUNK BY SUBMARINE

(By United Press.)

London, June 1.—The sinking of the American bark Dirigo by a German submarine and the drowning of the first mate was announced today.

The Dirigo was fired upon without warning by the German U-boat. The vessel was then boarded by the Germans. They ransacked the ship and sunk her with bombs.

The admiral also reported attacks on the two American sailing vessels, Frances and Barbara. The crews were saved.

SENTENCE TO WOMAN'S PRISON IS SUSPENDED

Mrs. Blanch Gilson Pleads Guilty to Charge of Concealing Criminal in her Home

HARBORED CHARLES BENNETT

Mrs. Blanch Gilson entered a plea of guilty to a charge of concealing a criminal in circuit court today and was sentenced for a period of not less than two years and not more than seven years to the Indiana Woman's prison. The sentence was suspended, Judge Sparks holding the interest of the community does not demand that the penalty be inflicted so long as she behaves well.

Mrs. Gilson was charged with harboring Charles Bennett, wanted on a grand larceny charge. Bennett was found there after Mrs. Gilson had told Deputy Sheriff Sullivan he was not there.

Amusements

The Princess offers Clara Kimball Young in the feature picture "The Price She Paid" for the program tonight. It is from the novel by David Graham Phillips and contains many big scenes. This is said to be the best picture produced by Clara Kimball Young. Tomorrow Louise Glaum and Charles Ray will be seen in the drama "The Wolf Woman."

The Gem offers for tonight's entertainment Mollie King and Leon Bary in the seventh episode of "The Mystery of the Double Cross." There is a decided thrill in this episode. At one stage of the story two doors confront the characters. Between them is a note which reads "behind one of these doors lurks death; enter at your peril." Monday Pathe

presents Pearl White in "May Blossom," a five reel feature in natural color. There is no bigger combination possible than Pearl White and Pathe color.

"Reclamation," a Mutual master-picture which will be shown at the Lyric tonight is a story of the engineers and the ranchers of the western country. Winifred Greenwood and Franklin Ritchie are featured. The story opens with a brush between the small ranchers of an irrigated district of the west and the representatives of a large water monopoly that is seeking to put the little fellow out of business. Gordon McLeod, a gruff, vigorous, and active man is at the head of the ranchers and John Phelan is his chief opponent. Many of the exterior scenes were taken at the edge of the Nevada desert.

Republicans to Meet By

Townships June 4, 7:30 p. m.

Republicans of Rush county will meet by townships Monday evening, June 4 for the purpose of electing delegates to the sixth district convention which will meet in Rushville Friday, June 8 at 11 a. m. to nominate a candidate for congress. Each township will be entitled to one delegate, except Rushville township, which will have four delegates, an alternate for each delegate must be named.

FON RIGGS,
County Chairman.

Company B Wants Support

No one knows yet who is going to be exempted under the conscription law. That is the reason why Rush county men who feel reasonably sure they will be conscripted should join Company B of the Indiana National Guard here. All statements regarding the conscription law have failed to disclose definitely that any will be exempted except men in some branch of the war service and ministers. All others have to take their chances with the rules on exemption which will not be made public until after registration day.

Therefore, it behooves young men of conscription age who feel that they will likely be conscripted to

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 212 N. Perkins St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills procured from Johnson's Drug Store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910, and on Aug. 26, 1915, Mr. Priest said: Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

THE BILL OF RIGHTS.

Copyright 1917 by John A. Lapp.

The United States constitution and every state constitution have a bill of rights which is designed to protect certain rights of life, liberty and property which from long usage people have come to recognize as sacred. Many of these rights have become so intimately a part of the people's conscience and life that a violation of them is hardly possible even without constitutional check but the people make doubly sure by clearly declaring them in their constitutions.

For centuries the struggle for religious freedom raged throughout the world and was finally settled forever in favor of freedom. From the earliest state constitutions the principle has been embodied in the fundamental laws of the states and we recognize it universally.

"All men shall have the right to worship God according to the dictates of their own consciences."

"No preference shall be given by law to any creed and no man shall be compelled to attend, erect or support any place of worship against his consent."

"No religious test shall be required as a qualification for any office."

"No money shall be drawn from the treasury for the support of any religious or theological institution."

Thus run the phrases of the bill of rights of Indiana in safeguarding religious freedom against the assaults of bigotry and prejudice.

These provisions in the state constitution protect against state and local laws and official acts while similar provisions in the federal constitution protect against the laws and acts of the federal government.

The right to speak and write freely, one's opinion is guaranteed by all modern constitutions subject only to the limitation that a person shall be liable for the abuse of the privilege.

Free speech is the cornerstone of English liberty and we inherited it, further strengthened it by bold assertion of the right. Throughout our whole history it has been fostered. We have allowed grave abuses at times because it seemed better to allow error and abuse to correct error and abuse rather than to interfere with a right so fundamental.

The United States constitution declares, "Congress shall make no law abridging the freedom of speech of the press" and the Indiana state constitution declares that: "No law shall be passed restraining the free interchange of thought and opinion or restricting the right to speak, write or print freely on any subject whatever, but for the abuse of that right every person shall be responsible."

In the excitement of great crises and in the turmoil of politics there is often danger that the majority in power may attempt to suppress individual opinion or the opinion of the minority. Sometimes there appears justification for such action when victory attacks are made, such as those which were hurled against Washington and Lincoln in times of national distress; but in the long run, freedom to express the right opinion is better than the power to suppress the wrong opinion.

"The power to suppress opinion is illegitimate," said John Stuart Mill in his great work, "On Liberty." "The best government has no more title to it than the worst."

Men may not slander nor libel other men without standing the consequences. Free speech and press is not a license to produce falsehoods about others with impunity. Every man has a constitutional right to appeal to the courts to protect him in his person, property or reputation. It is not to protect miscreants who slander and libel but to enable people to publish the truth for justifiable ends.

Primarily it is a protection against arbitrary action of any government which seeks to suppress opinions contrary to its purposes.

"Every man's house is his castle," is a phrase which expresses the right of the people to be secure in their homes against any unlawful interference. It is an intolerable offense when public officials or police officers may enter a man's house to make a search without a warrant.

Americans have protested against any such searches and from the days when English officers claimed the right to search the homes of the colonists for smuggled goods it has been a cardinal principle. In those days James Otis, who left the employ of the Crown to defend the colonists who resisted search under the "writ of assistance" declared: "Now one of the most essential branches of English liberty is the freedom of one's house, and whilst he is quiet, he is as well

and commendable. It would, however, be more interesting and more commendable if they were to enlist in the army and go to the trenches, where shells will be thicker and death more frequent. But as a sound and patriotic proposition, their place is right in congress, where they can be of greater benefit to their country."

VILLA DEFEATED

Washington, June 1.—Villa was defeated by American government troops last Tuesday south of La Mula, according to war department advices today. The department has not been informed of the occupation of Ojinagaby by Villistas and the reported defeat of the government troops there.

Terra Haute, S. F. McHargue is offering free sugar cane seed to farmers in an effort to start a cane raising industry in Sugar Creek township.

guarded as a prince in his castle." This writ if it should be declared legal would totally annihilate this privilege. Custom house officers may enter our houses when they please. We are commanded to permit their entry. Their menial servants may enter, may break locks, bars and everything in their way. . . . It appears to me the worst instrument of arbitrary power, the most destructive of English liberty and the fundamental principle of law that every was found in an English law book."

To safeguard those rights forever, the federal constitution declared "The right of the people to be secured in their persons, houses, papers and effects against unreasonable searches and seizures shall not be violated and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the persons or things to be seized." This clause protects against search and seizure by federal officials and not against search and seizure by state officials but Indiana adopted exactly the same clause in its constitution and thus safeguarded the people against any search except upon a warrant properly issued to search a particular place for particular things.

The right of trial by jury came to us out of the struggle of the English people for liberty and was adopted by this country without change. Our constitutions safeguard this right as it was given to them from England and everywhere we recognize that every man shall have the right to the "lawful judgment of his peers."

"In all criminal prosecutions," the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have assistance of counsel for his defense."

Thus declares the constitution of the United States. The rights enumerated are thus protected against national laws and national officials. Substantially the same declaration is found in most of the state constitutions and thus the states are kept from interfering with the rights of trial by jury.

In civil cases, also, the federal and state constitutions guarantee a trial by jury when the cause is large enough to warrant it—the provision of the United States constitution requires that the amount in controversy exceed twenty dollars.

In practice many cases are decided by the judge but in all criminal cases and most civil cases a jury trial may be demanded in state and federal courts.

The right to trial is safeguarded beyond attack but the right may be nullified if care is not taken to see that the judgment is the "fair judgment of his peers" and not the judgment of a packed jury selected by an unfair system. The constitution should go further than merely declare the right to a jury trial and require a fair method of selection of jurors. Without it the mere provision for a jury trial may not amount to much.

In many states the idea is developing that civil cases may be decided by a three-fourths or five-sixths vote of a jury instead of requiring a unanimous vote. This prevents the stubborn man on a jury from preventing a decision in the face of the facts. The question will undoubtedly be considered by the Indiana convention.

QUESTIONS FOR INVESTIGATION.
1. Why is it best to permit free speech when men misuse the privilege.

2. What possible evils might result if the government of the state or nation had a right to prevent criticism of its acts.

3. Can a man be compelled to allow officials to examine his books and papers? Under what right does the government inspect factories or food establishments or examine accounts of public utilities?

4. What are the advantages and disadvantages of verdicts by less than a unanimous jury?

5. How are jurors selected?

Red Cross Week

The president has proclaimed the week of June 25 Red Cross week when thoughts for the moment will be turned to this great philanthropic society which is organizing with characteristic thoroughness for the duty that falls to the lot of the non-combatants in the struggle with Ger-

many. Red Cross week will be a time devoted to giving "generously and in a patriotic spirit," as is outlined as follows in President Wilson's proclamation:

Inasmuch as our thoughts as a nation are now turned toward the performance to the utmost of the services and duties which we have assumed in the cause of justice and liberty;

Inasmuch as but a small proportion of our people can have the opportunity to serve upon the actual field of battle, but like all men, women, and children alike may serve effectively by making it possible to care properly for those who do serve under arms at home and abroad;

And inasmuch as the American Red Cross is the official recognized agency for voluntary effort in behalf of the armed forces of the Nation and for the administration of relief;

Now, therefore, we by virtue of my authority as President of the United States and president of the American Red Cross, I, Woodrow Wilson, do hereby proclaim the week ending June 25, 1917, as Red Cross Week, during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need.

Voluntary Censorship

The press of the United States has been observing a voluntary censorship of news that it not without

parallel in the history of the world. It has been found that the newspapers gladly do this through patriotism. The government has condensed some regulations that it has asked the press to observe and has sent them to every newspaper in the United States. It may be interesting to note the stories that are likely not to appear in print.

"1. News regarding naval and military operations in progress, except that officially given out."

"2. News of the train or boat schedules of traveling official missions in transit through the United States. It is the duty of hospitality to surround distinguished foreigners with every protection."

"3. Threats or plots against the life of the president or other high officials, unless announced from authoritative sources. In such time of tension unbalanced minds are especially susceptible to suggestion and all accounts of such crimes and trials growing out of them are likely to influence weak minds and incite to criminal acts. When arrests are made this specific charge should be minimized by mere mention as 'disorderly conduct.'"

"4. News relating to the activities of the secret police. Their work in protecting the country from the enemy's agents in our midst by handicapped by publicity."

A few United States senators and congressmen announce their intention to cause the press of the marine corps. This is interesting

field visit the home of Justice Practice in Washington to intercede for young Whipple.

The fact is then developed that Mrs. Whipple's mother was a sweetheart of the justice's youth when Mrs. Whipple shows him a letter he had written her mother. This does not win the justice's sympathy but causes him to upbraid them for interfering in the case because it is before the supreme court at that time. It is also brought out by a reference in the letter the justice wrote as a young man that Mrs. Whipple's mother had an inherent fear of anything representing a cat's

eye and that the same superstitious fear had come down through the generations. When Justice Whipple learns this, he says it comes under the head of new evidence and entitles Whipple to a new trial. He also promises to testify for Whipple as to the fear for that particular thing which exists in the family.

As the new trial proceeds and the assistant prosecuting attorney redoubles his efforts to send his rival to the gallows, Brookfield tries his hypnotic powers on a member of the jury to cause a disagreement. When the jury retires, Brookfield gives out a statement accusing the assistant prosecuting attorney, Hardmuth, of planning the murder of the governor-elect of Kentucky. The newspaper statement results in

Hardmuth becoming a fugitive. In the meantime, Whipple is acquitted by the jury and Brookfield then sets about to make a man of him.

He proves to Whipple that his latent fear of anything representing a cat's eye is all a mental affliction by telling Whipple to place his hand over Brookfield's in which is held Denning's scarf pin and then showing him that he held in his hand nothing but a garage key. He then commands Whipple to take the scarf pin from a drawer in the room. Brookfield pins it on his neck and tells Whipple that if he is brave enough to take Viola with the pin on, he may have her.

Of course, it ends as all plays should end with the lovers of youth reunited when Brookfield shows compassion for Hardmuth and assists him to escape.

Several lesser parts were played in a commendable way, Ralph Martin appearing as "Harvey," a colored servant; Paul Thorpe as "Colonel Bayley," an attorney; Myrl Pierson as "Lew Ellinger," a gambler; Charles Newhouse as "Mr. Emmett," a reporter; Lee Retherford as "Justice Henderson of the supreme court;" Harry Schatz as "Jo," a colored servant; Elsie Frazee as "Mrs. Alice Campbell," sister of Jack Brookfield and mother of Viola Campbell.

Tarkington Baker of Indianapolis coached the players and made the play a creditable one. Earl B. Marlatt of the high school faculty was in charge and contributed much to the success of the undertaking. The money realized will be spent in buying a suitable memorial to be presented to the high school by the class.

this county would support anyone from Wayne county in the convention, but this never has been the case as it has been stated many times that the Wayne county candidate must have the support of the rank and file there and come to the convention with the delegation united on one man.

Friends of Robert L. Kelly, president of Earlham college, declare that he is still in the race and with the entrance of Charles O. Williams, superintendent of schools in Wayne county, into the contest, the situation is more complicated. Williams is not taken seriously here. Timothy Nicholson of Richmond, a leader in the Friends church, issued a statement yesterday declaring that the thousand of Friends in the district were favorable to Kelly's candidacy and were urging him to continue in the fight. One thing is certain and that is the convention here is going to be one of the most stirring conventions ever held in the district.

The township meeting places for Monday night to select delegates to the convention and the precinct committeemen follows:

Backache? Rheumatism? Run-Down?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no need of this as the new prescription, Auric, is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. Simply ask for Auric (double strength) for kidneys or backache, the discovery of Dr. Pierce. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to arising from bed.

HOW TO BUY A LIBERTY BOND

Help Furnish the Sinews of War

This is a Message from the Associated Banks and Trust Companies of Rush County to the Great Mass of People, Many of Whom Have Never Purchased a Bond

Here is the opportunity for every citizen to serve his country.

Here is the opportunity for the man whom age or other limitations keeps from active service.

Here is the chance for the woman whose heart thrills with those ideals which, in all ages, have ennobled the mothers of men. Here is the valued "bit" that the child may do with his little savings, the child whose future is wrapped up in the success of this war.

Your every dollar will come back to you not only with its interest of 3½ per cent, but with the higher reward of duty well done. Buy now and insure the success of that cause to which we have pledged as part of America's heritage to the world, "our lives, our fortunes and our sacred honor."

Buy Now and Urge Others to Buy.

Many people are unfamiliar with bonds and banks and financial matters. You doubtless would have purchased your LIBERTY BOND before now, had you known exactly how to go about it.

What the Liberty Bond is—First of All, It Is Ready Money.

Some people have the idea that to invest in a bond is to tie their money up. That is not so.

It is a Government Bond, the surest, safest investment in the world—secured by the entire resources of the richest country on earth.

Therefore, it is readily salable anywhere, any time. If for any emergency you need the funds invested in a Liberty Loan Bond, just take the bond to your bank and they will be glad to pay you cash for it, or you can use it as security for any loan you may desire to make.

Your Liberty Bond is real money—just as real as the greenbacks which you carry in your pocket. The \$5.00 bill in your pocket now, is nothing on earth but a bond—the United States Government's promise to pay five silver dollars for it. The only difference is that your Liberty Bond, every dollar of it, is live, working money—earning 3½ per cent, which your greenback does not do.

Bear in mind that the Liberty Bonds are exempt and free from all taxation, both as to principal and interest—except estate or inheritance taxes.

Bear in mind also that the Liberty Bond is exchangeable, dollar for dollar, for any later bond which the Government may issue during the war which pays a higher rate of interest than this 3½%.

Go to a Bank as You Go to a Store to Make a Simple Purchase.

Buying a Liberty Bond is just as simple as buying an article of wearing apparel, furniture or food. Go to any Bank or Trust Company in Rush County. Simply regard that institution as a store, ready to serve you with your needs.

Tell them you want to buy a Liberty Bond.

You need have no hesitation whatever—you will be treated with the utmost courtesy. And anything that you do not understand will be made clear to you.

All Banks and Trust Companies in Rush County are handling the Liberty Loan and stand ready to serve you—incidentally, entirely without profit to themselves.

Whether Little or Much Your Country Needs Your Money, Put It Into a Liberty Bond.

It is the strongest investment you ever made in your life—absolutely secure. And it is ready money besides. It gives you the opportunity to save your money and serve your flag—at the same time. Your plain duty lies straight ahead—buy a LIBERTY BOND. And do it NOW!

You Take No Risk When You Serve Your Country.

By subscribing to The LIBERTY LOAN of 1917. With our young men willing and anxious to offer their lives, the least we who stay at home can do is to lend our money for their support.

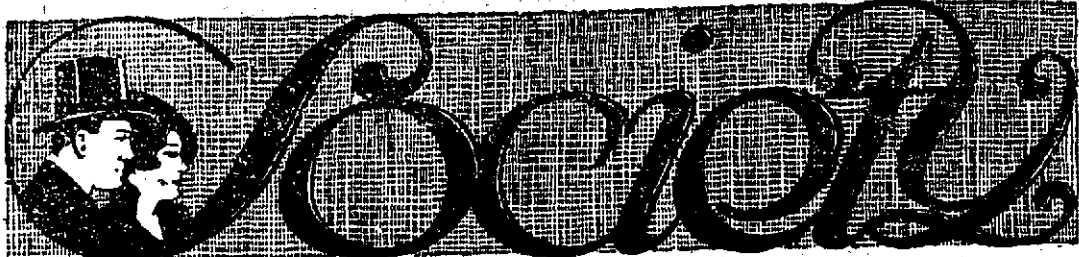

YOU can do YOUR part by lending the Government some of your savings. Invest now in one or more of the Liberty Loan Bonds. You will be helping yourself while you help your country. The bonds pay 3½% interest and are as good as gold. There is an easy payment plan. For example, if you want to buy one of the \$50 bonds, you can make your payments at all banks as follows:

2% when you buy the bond	\$ 1.00
18% on June 28, 1917	9.00
20% on July 30, 1917	10.00
30% on Aug. 15, 1917	15.00
30% on Aug. 30, 1917	15.00
	\$50.00

The bonds will be dated June 13, 1917, and will run for 30 years, when the Government will repay the principal. Twice a year the owner will receive interest at the rate of 3½% a year.

Ask your banker to explain the Weekly Payment Plan. Save \$1.00 or \$2.00 a week for fifty weeks and own a \$50 or \$100 bond.

When the battle flags are furled, and America sits at the Peace Conference you will be glad to know that you helped to place her there. You will be proud that your money was a factor to hasten the day.

Miss Clorene Amos will entertain Tri Kappa, Monday evening at her home south of the city.

The regular meeting of the Eastern Stars will be held in the Masonic Temple this evening at 7:30. All members are urged to attend.

The Willing Workers Sunday school class of the M. E. church of Arlington will give a play tonight at the Methodist church in that city, entitled "Cousin Deborah's First Luncheon."

WOW!!! PAIN IN THE BACK Use Speedway Liniment

It goes right to the spot and brings soothing relief. Makes muscles limber up—oils up the joints and makes you forget your trouble in no time. Nothing equals Speedway Liniment for relieving rheumatism, lumbago and such ailments. It penetrates—does just what is needed for living up the circulation and building up your system.

You can put it on full strength—rub it on right out of the bottle. It does not burn or blister—but it certainly does the business better than anything we ever knew of. Acts like a magic balm—never fails.

Speedway Liniment has brought relief to thousands of sufferers. Sold in 25c, 50c and \$1.00 bottles. Try a bottle and see how it relieves you. Money back if it does not.

Better get the large bottle and give it a good trial. Use it night and morning. If your case is bad, soak a little of the liniment into a flannel cloth and apply as a bandage. Leave it on over night.

Step in and ask for a bottle at Hargrove & Mullin and F. B. Johnson & Co.—(Adv.)

NOTICE

John Wildig, late with Beale Bros., will open the store on Second and Harrison streets, on Monday June 4th and will do plumbing, gas and steam fitting. For the present call 4102, two long rings. 7613.

The twelve members of the Harmony club met with Mr. and Mrs. Ed Beer, last evening at their home in Jersey City. Five hundred served as a sufficient pastime for the guests and the hostess served dainty refreshments.

The Misses Beatrice Reeve, Hannah Morris, Clorene Amos, Gladys Bebout and Gladys Wallace were entertained with a pitch-in dinner, yesterday, by Miss Leah Flint at her home in North Perkins street. After dinner the congenial group spent the afternoon with needlework.

Mr. and Mrs. C. G. Clark entertained with a family dinner, yesterday at their home in North Sexton street. The guests included Mr. and Mrs. Joe Clark and family, Mr. and Mrs. Leonard Clark and family and Mr. and Mrs. Albert Fleehart and family.

Mrs. Emmet Fegley was the charming hostess to the seven members of the Yomo club, yesterday afternoon at her home in East Ninth street. After a pleasant afternoon over fancywork and sewing, the guests were taken to the dining room where the table was laid for a splendid luncheon. Lilies of the valley formed a beautiful decoration.

Mrs. Myrtle Foster arranged a miscellaneous shower for Mr. and Mrs. Russell Ruff, who were recently married, and a number of their friends gathered at their home near Glenwood, last Saturday evening and enjoyed the evening over games and contests. The house was decorated with red, white and blue and flags were given the guests as favors, after the dainty refreshments were served. The hostess was the recipient of many presents, including china, silverware and cut glass.

One of the novel entertainments of the week, was in the form of an informal house party, in honor of Miss Marie Brown of Shelbyville, at the home of Miss Ethel Newhouse,

last evening. A color scheme of pink and white was carried out in the living room and also in the dining room, where the tempting two course luncheon was served. Music and dancing featured the evening and the guests included the Misses Ruth Smyth, Vera Short, Myrtle Ormes, Ruth Clark, Beatrice Wilson and Marie Brown of Shelbyville, Earl Miller, Lotus Gartin, Oliver Dill, Raymond Sefton, Olen Ormes, Fred Alsop and Melvin Wood of Arlington.

A group of Moscow high school youngsters was entertained Sunday by Mr. and Mrs. Robert Campbell at their spacious country home between Gowdy and Big Flatrock. At the noon hour Mrs. Campbell showed the group the way to the dining room, where a table, loaded with the best things to eat, was before them. In the center of the table was a large bouquet of ferns and pink carnations. The early afternoon hours were spent by playing games. After the rain came and drove them to the house, they were then entertained by violin music by Mr. Campbell and a reading by Ralph Willey. The group included the Misses Faye Seull, Hattie Fessler, Fern Seull, Marjory Hurst, Edna Hoban, Zella Hangerford, and Blanche Hinton and Russell Reber, Merle Piper, Loren Harcourt, Maurice Fessler, Ora Cameron, Ralph Willey and Herbert Hoban.

Miss Leona Brooks, who is to be married in June, was honored with a miscellaneous shower, yesterday, given by the Misses Martha Clayton and Miss Mary Hinchman, at the home of the latter, in Falmouth. Fifty guests enjoyed the affair. Two clever contests were introduced, the first a rose contest in which Miss Leona Rees was the winner, the prize being a bunch of American beauty roses. In the other contest, the room was darkened and Miss Brooks stood behind a curtain and each guest drew her profile. Mrs. Lorrene Elwell was victorious and the recipient of a hand painted

plate. The remainder of the afternoon was spent with music, during which time Mrs. Luella Elwell Baker, accompanied by Mrs. Lorrene Elwell, sang a solo and Mrs. Freda Saxon and Miss Doris Saxon played several duets. The dining room, in which the guests enjoyed the elaborate luncheon, a color scheme of pink and white was carried out to the last detail in the decorations. A large french basket of pink and white sweetpeas was suspended over the table and sweetpeas in bud vases marked the places for the guests. The color scheme was also prominent in all of the appointments of the luncheon.

Three tables of members of the Grand club were entertained at bridge, yesterday afternoon, at the home of Mrs. T. H. Reed in North Main street. Refreshments were served at the conclusion of the afternoon.

J. H. Kleet, Retired Banker, Springfield, Mo., Searches All Night For 14-Months-Old Baby

MOTHER IS NEAR COLLAPSE

(By United Press.)
Springfield, Mo., June 1—After an all night drive and with his automobile covered with mud, J. H. Kleet, retired banker, returned this morning from a futile search of his kidnapped child.

Complying with the demands of the kidnapers made in a letter, Kleet took \$8,000 from a bank and eluding detectives set out on his silent drive last night. During the night, he said today, he was followed by eight cars at various intervals, but if the kidnapers were in any of the machines they made no move towards recognition. Today the mother of the fourteen-months-old baby was near collapse. She sat up throughout the night waiting for her husband to return home.

S. B. Fisher of Indianapolis, formerly an employe in the Bodine shoe store, has moved here for permanent residence.

Miller's Antiseptic Oil Known As Snake Oil

Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis. The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, N. Y. Druggist.—Adv.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ill., Mar. 10, 1917.

I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.

I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.

I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 16, 1916.

Am well pleased with Senreco—as are my patients.

New York City, Mar. 27, 1917.

Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

T. W. NADAL NAMED HEAD OF COLLEGE

Former Milroy Man Accepts Presidency of Drury College at Springfield, Missouri

LEAVES OLIVET COLLEGE

Breaks Connections With Michigan Institution After 19 Years of Service There

Word has been received here that Dr. Thomas W. Nadal, a former Milroy boy, has resigned as dean of Olivet college at Olivet, Michigan, and has accepted the presidency of Drury college at Springfield, Missouri. Dr. Nadal is the son of Mrs. Jehrusa Nadal of Milroy. He frequently visits in Milroy and has many friends there. The Olivet Optic says of his departure from Olivet:

Dr. Thomas W. Nadal, dean of Olivet College, has accepted a call to the presidency of Drury College at Springfield, Missouri, and will sever his connection with the local institution at the end of the college year. Dr. Nadal is the oldest professor in Olivet from the point of service, having been here for 19 years. He is also a member of the state board of education and as he is moving from the state, he will resign this position also.

Drury College of which Dr. Nadal is to be president may be called an offspring from Olivet. It was founded by President N. J. Morrison and Samuel Drury, two Olivet men, nearly 50 years ago. Dr. Morrison was president of Olivet College and he left to go west for the purpose of helping found Drury and to become its first president. In tradition and history, therefore, Drury is very similar to Olivet.

Drury is a Congregational school with nearly 400 students. It has a substantial endowment and is on the Carnegie foundation. It is one of the oldest schools of the middle west and by its high standards of scholarship has earned for itself the name of the "Yale of the Southwest." Its 40 acre campus is situated in the heart of Springfield, which is situated on the crest of the Ozark mountains.

Olivet College will feel greatly the loss of Dr. Nadal. He came here 19 years ago as head of the English department. In 1905, he was made dean of the college. Last year, he was acting president, assuming that position when Dr. E.

WATCH YOUR STOMACH

IF FOOD SOURS, BOWELS CLOG, STOMACH HURTS, HEAD ACHES, BREATH BAD, HEART PALPITATES, TAKE PEPSINCO. YOU NEED IT. IT WILL HELP YOU.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are all well today. They took Pepsinco because it helped others; because it is highly recommended.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food—if gas follows, eating, if belching distresses you, if flatulency produces heart palpitation or heartburn—then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You try it out. Take a dose of Pepsinco. You'll find we are right. You'll feel better after the first dose. It's prompt action will bring you around to normal health quickly and safely.

Pepsinco will tone up the stomach nerves; it will brace you up and make you feel like a new person. It will permit you to eat and enjoy what you eat. No distress follows a meal if you take Pepsinco. Ask your druggist today for a small package of Pepsinco and your stomach worries will be over. It is inexpensive. It is a friend worth while. Don't delay. Get it now—today—and prevent a chronic condition that is bound to follow neglect of the stomach. We will send a sample if you will mail your name and address. Last Year's Attendance at Colleges And Universities Reached Figure of 8,922

LARGEST GAIN AT PURDUE

Cost Per Student Was \$275—High Schools of The State Had 69,719 Pupils

(By United Press.)

Indianapolis, Ind., June 1.—Total enrollment of the twenty universities, colleges and schools of technology in Indiana during last year was 8,922, according to figures made public today by J. S. Hussey of the educational department of the bureau of statistics. The total receipts of these schools was \$2,420,993—or \$275 for each student.

Enrollment at Purdue University made probably the most remarkable strides, increasing from 849 in 1900 to 2,415 last year. Indiana University had 2,609 students last year.

Of the schools not under state control, Notre Dame had the largest registration with about 900; DePauw second, with more than 800; and Earlham and Butler tied for third with 550.

The number of pupils attending high schools in the state was 69,719 compared with 35,246 sixteen years ago. Expenses of high school increased from \$822,458 in 1900 to \$3,893,618 for 1916.

It cost Purdue \$507,680 to care for 2,415 students, while Indiana University spent \$40,000 more than Purdue for 200 more students.

G. Lancaster resigned. Dr. Nadal is popular with the college students and the alumni, all of whom will be sorry to learn that he is to leave. In his department, he has done much to build up both the quality of the work demanded and the number of courses given. Dr. Nadal is a graduate of DePauw University. Both his Masters and Doctors degrees were taken at Harvard.

As an educator, Dr. Nadal is known all over Michigan and in several other states as well. He has done a great deal of lecture work. In fact, his new position is in part the result of a lecture trip to Drury College last winter when he delivered a series of addresses before the college there.

For six years, Dr. Nadal has been a member of the state board of education. In April he was elected for a second term. He is president of the board at the present time.

Dr. and Mrs. Nadal and children will spend the greater part of the summer in Olivet. They do not expect to move to their new home before the latter part of August.

CANDIDATE FOR CONGRESS

John Nipp, Sr., of near Gings was nominated by the socialist party at Richmond as its candidate for congress in the special election June 26 when a successor to the late Daniel W. Comstock will be selected. Mr. Nipp is well known throughout this county. He says he will conduct a personal and paper canvass of the district and that he expects to get many votes.

"PROOF ENOUGH" HOLTZ CHARGES

Quick Benefits Convinces Farmer That Tanlac Is The Master Medicine

Elkhart, Ind., May 31.—"My mother gained much relief from one bottle of Tanlac that she continued using the medicine, and now, after taking four bottles she really feels like a new woman," Martin Holtz, a well known farmer residing near here on rural route No. 2 Cassopolis, Ind., said on February 21. The mother, Mrs. Odenia Holtz, as well as her son, are highly respected and well known in this vicinity.

"My mother, who is 77 years old, was in a generally run down condition," Mr. Holtz continued. Her stomach and kidneys were out of shape. She couldn't eat anything without suffering annoying gas formations in her stomach. She was restless at night and found it hard to sleep. She couldn't ever do her house work.

"Mrs. Stark, a neighbor of ours, told us how much she had been benefited through Tanlac and so I bought a bottle for mother. As I have said, she gained so much relief from this one bottle that she was thoroughly convinced of the medicine's merits and continued taking it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced and explained in Rushville at F. E. Wolcott's Drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons; and in Milroy at Barton and Sheppards. (Adv.)

SHOULD NOT PLANT CORN ALL AT ONCE

State Food Director Says Sweet Corn Should be Put in so as to Have Plenty for Table Use

POINTS OUT COMMON MISTAKE

(By United Press.)

Indianapolis, June 1.—G. I. Christie, state food director, today advised gardeners to make successive, small plantings of sweet corn and not to put it all in the ground at one time, in order that it might be just the right stage for the table when desired.

"A common mistake is to plant all the seed in one or two plants," said a bulletin issued by the food director, "with the result that there is an oversupply for a week or two and none for the rest of the summer. Sweet corn may be planted up to July 1 successfully. Soil should be rich to produce large crops, but any garden soil will do very well. Any sort of shallow cultivation that will keep weeds down will give good results. Although not generally realized, sweet corn loses its flavor after being pulled a few hours and consequently should be gathered and husked only a short time before it is to be cooked."

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles For Making a Success of the Home Vegetable Patch.

XXVII. EVERY WEED AN ENEMY.

Every weed is an enemy of the "soldiers of the commissary" who are making gardens.

All these troublesome vagrant plants, that gain footholds in the garden, forage upon the plant food and water which should be available to build up food plants.

They stunt some vegetables by stealing their sustenance and crowd out and shade others.

From morning until night weeds that are allowed to grow in a garden work steadily against the interests of the gardener; and the longer they are left undisturbed the greater becomes their capacity for harm.

If you have not begun to free your garden crops of the weed enemies that are probably attacking them now, you should lose no time in beginning your campaign. It is a warfare that you will have to wage, off and on, all season, but if you bring superior force into play early you will be able to confine the enemy to a straggling guerrilla offensive that will cause little destruction.

In this warfare the hoe is your heavy artillery and is to be depended upon chiefly for action in the open. Weeders are the most effective weapons for close action. Neither tool, however, will wholly do away

with the necessity for a hand-to-hand struggle to uproot the persistent weeds that grow closely about the stems of the smaller plants you wish to protect, and which yield only when they are pulled bodily up by the thumb and finger.

The fight on weeds should begin as soon as it is possible to distinguish easily between them and the garden plantlets. It is even possible to do much effective work in killing weeds between the rows before the young vegetables make their appearance, provided the exact location of the planted seeds is marked.

The gardener should choose a bright, sunny day for weeding. At such a time even weeds which are only partially severed from their roots will have little chance of surviving the withering rays of the sun. If weeding operations are conducted on a cloudy or damp day, however, many of the weeds that are incompletely severed will take fresh growth.

Weeding does more than free the garden of undesirable plants. The digging incidental to removing the weeds also serves as a cultivation. As soon as the weeds have been dug up the roughened ground should be carefully smoothed with a rake. This will incorporate air in the soil, form a dust mulch which will aid in preventing the loss of moisture through evaporation, and will tend to bring to the surface and expose to the sun weed roots and sprouting weed seeds which otherwise might produce plants.

ward Gardner committed suicide in a saloon here, declaring that he wished to avoid conscription.

34.4 Miles

On One Gallon of Gasoline.

Made In Maxwell

The first test was made against a high wind and in a rain storm. In view of this fact we made a mileage of 28.1 miles per gallon. Immediately we made the second test over the same roads and under the same weight conditions, but without rain and wind and covered a distance of 34.4 MILES ON ONE GALLON OF RED CROWN STANDARD OIL CO.'S GASOLINE, PUMPED FROM OUR OWN TANK.

These same famous gasoline savers are on sale right now in our salesroom. They have the new distributor instead of the magneto. This eliminates starting trouble experienced with the old type magneto.

A MAXWELL THE SAME AS THIS TEST WAS MADE WITH CAN BE HAD.

We can guarantee your gasoline and oil cost will not bother you.

CO-OPERATION TO BE THE KEYNOTE

U. S. Department of Agriculture
Makes Plans for the Organ-
ization of Farm Labor

STATE COUNCILS WILL HELP

State Agriculture Colleges, County
Agents and Others Will be
Asked to Co-Operate

Washington, June 1.—Under the government plan for the organization of farm labor, the details of which were announced by the U. S. Department of Agriculture today, provision is made for nation-wide co-operation in the solution of the farm help problem. The work of organization already has been started in about 40 States, and it is expected that eventually every community in the United States will be reached. It is believed that the resultant utilization of emergency labor will begin to have an appreciable effect on the farm labor situation before the season has far advanced. Meanwhile, the immediate and acute problem of supplying labor for the harvests, now beginning in the Southwest, is being handled, so far as the United States Government's services are concerned, through the existing employment service of the U. S. Department of Labor, which will continue to handle such problems of mass mobilization under the new plan as it has in the past.

The plan is based on close co-operation on the part of the U. S. Department of Agriculture and the U. S. Department of Labor with State committees on national defense charged with labor matters, with the State agricultural colleges, with the county agents, and with county and local or township labor committees or representatives to be established in every locality. The Department of Agriculture will represent the Federal authorities in determining farm labor needs and in assisting in organizing all available farm labor in the rural districts. The U. S. Department of Labor will devote its attention to organizing labor in urban communities and industrial regions, and will co-operate with the farm labor forces where necessary by obtaining extra labor from the populous centers.

The plan provides for strictly local handling of all labor problems that can be adjusted locally. The fundamental unit of the organization is the "community man" who, with the assistance of such communities as he may appoint, canvasses his own neighborhood, finds out what farmers need help, and what men are available for supplying the local need, and effects such adjustments as can be made locally. If, after all local adjustments have been made, there remains either a deficit or a surplus of labor, he reports to the "county man," whose business it is to effect adjustments between the several communities in his county. The county man, in turn, reports any deficit or surplus to the "State man," who canvasses the sit-

VACATION STARTS ONE WEEK EARLY

Wabash College Closes Because
Many of the Students Are Now
in the Army

WILL RE-OPEN SCHOOL OCT. 1

Crawfordsville, Ind., June 1.—Vacation started at Wabash college today, a week ahead of the scheduled time, on account of a large number of the students leaving for war. But about 100 men were left at college for vacation, the others having left to serve their country.

Dr. G. L. MacKintosh, president, has announced that the college will not start until Oct. 1 next year in order to give the young men full time to finish all the summer work on farms or in whatever lines of endeavor they may be engaged.

Dr. MacKintosh asked officers in charge of the training camp at Fort Harrison to release seniors of Wabash who are taking the course for the graduating exercises, but his request was refused by Col. Glenn, in charge who declared that the men should not miss one day at camp. All of the annual commencement honors were dropped.

uation for the State as a whole and reports to the Department of Agriculture, which, in close co-operation with the Department of Labor, is charged with the distribution of mobile labor for the country as a whole.

Thus each unit in the system acts as a clearing house for its own territory, reporting to the units higher up only when it needs help or has help to offer. The plan provides that supplemental reports shall be submitted by each community man whenever changes in the local labor situation make desirable further adjustments that can not be met with the material at hand, or when a surplus of labor develops which he can not use.

A great many retired farmers, of whom there are 700,000 in the country, may be available for emergency service under this plan of farm mobilization. The plans contemplate also the drawing of emergency labor from the cities under the immediate direction of the Department of Labor, the effective utilization of college students and school boys, and, if necessary, the assignment of volunteer women and girls to rural tasks connected particularly with feeding and caring for harvest hands or other extra labor, or with farm canning or drying of surplus perishable products. In other words, the plan contemplates supplying assistance not merely for field operations, but to farm women during their season of heaviest domestic duties.

Children of the Methodist Sunday school are asked to report for practice for Children's day exercises at the church Friday and Saturday afternoons at three o'clock.

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly trout blood serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hand at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

Why The Anker-Holth Cream Separator Satisfies The User.

BECAUSE it is simple in construction, easily operated and economic.

BECAUSE it contains fewer mechanical parts than any other separator made.

BECAUSE the bowl being self-draining, makes it non-freezing in cold weather.

BECAUSE it is the most sanitary separator made, insuring a cream of great purity.

BECAUSE it is easily cleaned and easy to turn—that's why the "women folks" like it.

BECAUSE it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.
